QUADRA OFFICERS GIVEN JAIL TERMS

France Abandons Idea Of Large Naval Fleet; Wants Freedom of Sea

Chairman of Navy Committee Makes Announcement in Introducing Budget to Senate—Disarmament Conference Acceptable Only if Terms Are Equal to All Nations

SENATOR HOPES SUBJECT WILL BE DEBATED FULLY

PARIS, April 3.—"While England and the United States are dividing between themselves the supremacy of the seven seas, France has proclaimed adhesion to the principle of the freedom of the seas and has abandoned the idea of building a high seas fleet," asserted Senator de Kergueszow, chairman of the navy committee, in introducing the naval budget in the Senate today.

Wants Full Debate

The Senator said he hoped a full debate on the state of French naval defences would be instituted soon.

"It will be possible to judge on which side Imperialism is to be found," he said. "Disarmament can be acceptable only if equal for all.

"Only under that condition will we ratify the participation of France in a new Washington conference."

DOUKHOBORS TO BE PROSECUTED

INSPECTORS TO ENFORCE PROVINCIAL SCHOOL ACT

Special Schools Opened, But Pupils Fail to Attend—Warning Given Leaders of the Sect

GRAND FORKS, B.C., April 3.—Although two special schools were opened for the purpose and accommodation was made available for nearly 100 pupils, no Doukhobor children appeared at the schools. This followed a fortnight's warning given Doukhobor leaders of the opening and of the intended prosecution for further failure to send children to school.

Following representations from Grand Forks, the Government recently appointed P. H. Sheffield, inspector, and W. E. Dunwoody, inspector of Provincial police, both of Nelson, to take charge and see that the School Act was enforced.

These officials are addressing a mass meeting of Doukhobors at Brilliant, Sunday. It is expected prosecutions will be started next week.

New Finance Minister Goes Into Conference

PARIS, April 3.—As soon as he had taken over from Etienne Clementel the portfolio of Minister of Finance, Anatole de Monzie today proceeded to hold consultations with a number of leaders in the financial world. These included notably M. Robineau, Governor of the Bank of France, and Col. Harjes, of Morgan, Harjes & Co.

YOUTHS ACCUSED OF OLD MURDER

Two Former Inmates of Boys' Farm Arrested by Montreal Police and Held on Slaying Charge

HERMIT FARMER KILLED BY BLOW ON THE HEAD

MONTREAL, April 3.—Charged with the murder six years ago of Leon Demers, a hermit farmer, of Shawbridge, Que., who was killed by a blow on the head in a barn on the premises of the "boys' farm," and whose body was buried in a heap of manure, one hundred feet distant, Alec Cahan, aged twenty-three, and Gordon Faulker, aged twenty-one, former inmates of the training school, were brought here by two detectives before a notary public, whence they were conducted to Bordeaux jail, to await enquete on April 8.

Occurred in 1919

The murder of Demers occurred in January, 1919, and created a great deal of interest owing to the fact that the motive and perpetrators were veiled in obscurity.

Both accused were present when the body was discovered six months later by inmates of the school, who, while rummaging about the pile of refuse, discovered a piece of rope.

Left Without Suspicion

They began to pull it and dragged forth the gruesome skull of the murdered man. The youths now arrested served their respective sentences and left the farm without suspicion.

Their arrests followed a conversation overheard by a citizen between the two young men while discussing the murder.

NEWSPRINT MAKERS ARRANGE COMBINE

WILL BE LARGEST AGGREGATION OF MANUFACTURERS

Operations Will Cover Territory From Upper Canada to Border of Manitoba

MONTREAL, April 3.—The Star today says: "The belief is growing in local financial circles that important developments are taking place in New York in connection with the newsprint industry, which, if successfully carried through, will result in the creation of the strongest combination of pulp and newsprint manufactures the world has ever known.

"Such a combination would cover operations now carried on between the Upper Ottawa westward to the Manitoba boundary."

The Star says that the companies mentioned in the rumored merger are: Abitibi, Keewatin, Fort Frances, Fort William, Mattagami and Spanish River.

The Star further says the prime movers in the rumored merger are Alexander Smith, president of Abitibi, and George H. Mead, president of Spanish River.

Florida Resident Leases Large Farm Near Sooke Harbor

It is not often that a Florida resident decides to transfer his interests from that state to Vancouver Island. However, it is announced that Mr. Edward C. Warren, of Sarasota, Florida, who has been living here for some time to make personal examination of the climate and educational facilities, has decided to do so.

He has leased, with an option to purchase, the well-known property, Grouse Nest Farm, overlooking a cove in the inner basin of Sooke Harbor. This farm has been in the Gillespie family for a number of years, and Messrs. Gillespie, Hart & Todd have handled the transaction.

The property comprises 1,178 acres and an eight-roomed house upon it, with a lake on the property. He will take up residence at once.

FRENCH GROUP BREAKS AWAY

Premier Herriot Left With Smaller Margin of Members Than Any Other Leader Required to Remain in Power

COALITION REDUCED TO ALMOST HALF OF HOUSE

Radical Lefts Depart From Government Side of House and Take Seats With the Opposition

PARIS, April 3.—Impartial observers versed in parliamentary affairs predicted tonight that political events rapidly are developing towards a crisis from which the only issue will be dissolution of Parliament and new elections.

The Senate favored the stand of M. Clementel, who resigned the portfolio of finance in his controversy with Premier Herriot. A great majority of the Senators sympathize with the former Finance Minister, and express regret over his resignation. Comment on the Premier's intervention is far from complimentary.

The Chamber of Deputies so-called vote of confidence of 530 against 26 given the Herriot Ministry today was absolutely without significance, for M. Maginol, leader of the Opposition, laid emphasis on the fact that while his followers were voting in favor of the Government's proposal for a postponement of discussion of the financial questions until the Government's new bills were laid before the Chamber, under no circumstances should the vote be construed as implying confidence.

HOLD-UP LANDS ROBBER IN JAIL

Constable Strong, of the City Police, Makes Smart Capture of Armed Bandit Near Inner Harbor Front

DRUG STORE ROBBED AT POINT OF STOLEN GUN

The City Hall clock had just finished booming out 9 o'clock last night when the telephone rang in the Fisgard Street Police Station. An excited voice told the desk sergeant that a hold-up and robbery had occurred at Fawcett's Drug Store, corner King's Road and Douglas Street.

Constable Strong, of the motor-cycle squad, and Detective Rogers hurried to the scene on one of the cycles. Fifteen minutes later Constable Strong brought Herbert E. Smith to the station and charged him with robbery under arms.

The rapid capture of the bandit who had cleaned out the drug store cash register while he kept the single clerk of the establishment covered with a revolver, was the result of a considerable display of nerve on the part of Constable Strong.

Smart Police Work

When he and Detective Rogers reached the store in answer to the telephone summons, both secured a description of the bandit. Strong remounted his cycle and started out on a hunt of the streets in the vicinity.

On lower Bay Street, near the waterfront, he saw a man answering the description, about to board a street car. He stopped his motor-cycle and the man, catching sight of him, turned and made off through a vacant field.

Constable Strong followed and when the fugitive was attempting to climb a fence on the other side, he drew his revolver and fired a shot in the air. Evidently the report startled the bandit for he missed his

Queen Contest Starts; $250 Prize to Winner

Contest to Choose Queen of Victoria's Crystal Garden Carnival Gets Under Way—Girls of Victoria District Invited to Submit Photographs at Once—Facial Beauty Not Only Prerequisite—Five Princesses to Get Hundred Dollar Prizes

A prize worth $250 will be awarded the Victoria girl who is chosen Queen of Victoria's Crystal Garden Carnival, and the five beautiful maidens chosen to grace her retinue as princesses will each receive a prize worth $100, according to an announcement made yesterday by Carnival Manager Winkler and Mr. A. M. D. Fairbairn, chairman of the queen contest committee.

The contest opens today with the issuance of this invitation to all young ladies of Victoria district to submit their photographs to the executive committee, queen's contest, Pemberton Building. All photographs must reach the carnival manager before April 23.

A Ford motor car, or a Packard, depending on the number of ballots sold, will be awarded as a prize to the purchaser of a coupon who predicts the order in which the prize winners of the queen contest are returned by the vote of the public.

The queen will be crowned with due pomp and ceremony at the opening ball of the carnival, which will be held at the Crystal Garden. She and the five princesses will be required to attend all the major functions of the carnival.

Beauty of face must not be the only qualification of the winner, the committee has decided. Each contestant

MISS ALEXANDRA STIRLING

Former golf champion, and internationally known for her numerous successes at tournaments, has started out for a lifelong twosome with Dr. Wilbert Fraser, of Ottawa. She was wedded in Atlanta, Ga., on March 26. She was given away by her father, a former British Consul at Atlanta.

TARIFF CHANGES ARE CRITICIZED

Government Charged With "Wholesale Extravagance" by Member of House of Commons

PROGRESSIVE OPPOSES APPOINTMENT OF BOARD

OTTAWA, April 3.—Another variation in the even tenor of the budget debate came today, when Mr. Vance Logan, Liberal, Cumberland, N.S., gave the House a report of his official visit to the West Indies last year.

Mr. Logan carried to the West Indies an invitation to a commercial conference to be held in Ottawa in June for improving trade relations between Canada and the Islands.

Response to his invitation was enthusiastic, he said, and its acceptance general.

Meets Few Commissioners

He remarked on the fact that though the commission which he had headed had visited the West Indies Islands and several South American countries he had met with but two Canadian trade commissioners. He recommended the appointment of a number of others to be located at important commercial centres.

Development of an interchange of commodities with these southern countries was Canada's opportunity for trade expansion, Mr. Logan declared.

Criticizes Budget

Debate was resumed today by A. J. Doucet, Conservative, Kent, in criticism of the budget. He charged the Government with "wholesale extravagance," and criticized the changes in tariff on coal. In this connection he advocated the imposition of a reasonable tariff on anthracite coal for domestic purposes. He thought the Government "could very well do something" for the strike sufferers in Cape Breton.

J. A. Denis, Liberal, St. Denis, Montreal, supporting the budget, suggested the abolition of the Civil Service Commission, on the ground it was not performing a useful work. He made no criticism of the personnel of the commission, he said.

Criticism of Progressive

In the evening, R. A. Hoey, Progressive, Springfield, voiced strong criticism of the Government's tariff policy. While the last budget had implied "the death knell of protection," this one contained no such promise. He opposed the appointment of a tariff board.

"It is going to be a smoke screen behind which the Government will seek protection," he declared.

Bankruptcy Notices

OTTAWA, April 3.—Public notice of forty-one bankruptcies appear in this week's issue of The Canada Gazette.

PRISON SENTENCES GIVEN SAILORS OF RUM-RUNNING BOAT

RELEASE PLOT IS DISCOVERED

Chicago Gangsters Try to Free Men Held as Suspects in Connection With Nanaimo Bank Robbery

FRUIT DELIVERED BY GIRL CONTAINS SAWS

SEATTLE, April 3.—Chicago gangsters, gathering in Seattle, made what was declared by Sheriff Matt Starwich to be their first attempt tonight to effect the liberty of three pals held in the county jail for the Nanaimo, B.C., bank robbery, and failed.

In a sack of fruit, delivered by a comely young woman at 5 o'clock this evening at the county jail, there were found five hacksaw blades, each cleverly inserted and concealed in a banana.

Makes Hasty Departure

The girl who delivered the fruit, according to Jailer William Barr, asked that it be given to L. S. Brockway, embezzling Seattle bookkeeper, then hastily made her departure. This, however, Sheriff Starwich asserted, was merely a ruse.

He is in possession of confidential information, he said, that the saws were destined for the three Nanaimo robbery suspects, one of whom, T. H. Johnson, is confined in the same tank with Brockway—tank No. 2. For more than a month, the sheriff said, he has been anticipating the delivery

HOSTILE CROWD STORMS HOUSE

Parliament Building of Salvador Republic Scene of Demonstration Which Causes Suspension of Session

SAN SALVADOR, Republic of Salvador, April 3.—A Managua dispatch says that a crowd of Nicaraguans stormed the Parliament Building and invaded the Chamber of Deputies today, shouting: "Death to the constabulary and the Chamorro family."

The disturbance caused the suspension of the parliamentary session.

The crowd also cheered the Nicaraguan President, Solorzano, and the former president, Bartolome Martinez, who is now a member of President Zolorzano's cabinet as Minister of Interior. Martinez, according to the dispatch, announced to the newspapers after the disturbance that the Government was not committed to establishment of a constabulary and that Congress might disapprove the project if it saw fit.

DISMISS CHARGES AGAINST OIL MEN

Central Figures in Famous Teapot Dome Case Allowed to Go Free on Technicality

WASHINGTON, April 3.—The Government suffered a reverse today in its criminal prosecutions growing out of the oil scandal.

Indictments returned last June against the central figures in the famous Senate investigation—Albert B. Fall and Harry Sinclair, Edward L. Doheny and his son, L. Doheny, jr., independent oil operators, were dismissed in the District of Columbia supreme court because of the presence in the grand jury room of an assistant to the Attorney-General. Through District Attorney Gordon, special Government counsel in the case, it was announced that an appeal would be taken to the district court of appeals. Should the Government finally lose in this fight, the way would still be open for presentation to a new grand jury of the conspiracy charges in connection with the lease to Teapot Dome naval reserve to Sinclair, and of California oil reserves to Doheny.

YOUNGSTERS ESCAPE FROM EASTER MALADY

LIVERPOOL, April 3.—Thousands of Liverpool youngsters have had a narrow escape from an Easter illness, or worse, it was disclosed today, when the authorities condemned more than 9,000 candy Easter eggs shipped here for the holiday business.

According to officials an analysis of the chocolate in the eggs disclosed particles of quartz, minute fragments of glass and also traces of lead, copper, zinc, and a woody material resembling sawdust.

CONSOLIDATED AGENT IS TO PAY A $10,000 FINE

Twelve Defendants Found Guilty by San Francisco Jury and Immediately Sentenced by Judge to Terms and Fines—Captain George Ford Sent to Jail for Two Years

Boat Was Caught by United States Cutter While Discharging Cargo of Liquor—Value of Cargo Seized Estimated at a Million Dollars—Members of Crew All Well Known in Victoria

SAN FRANCISCO, April 3.—Twelve of the defendants in the Quadra liquor runner case were found guilty by the jury in Federal Court, which returned its verdict late tonight, and were immediately sentenced by Judge John S. Partridge.

Thirty-two members of the crew were acquitted. Two defendants had previously pleaded guilty.

The sentences were: Captain George Ford, of Victoria, two years' imprisonment and $1,000 fine; Vincent Quartararo, San Francisco, agent of the Consolidated Exporters, of Victoria and Vancouver, B.C., two years' imprisonment and $10,000 fine; Charles Bellanger, San Francisco, a director of the Consolidated Exporters, two years and $10,000; First Mate George Harris, of the Quadra, thirteen months' imprisonment; Second Mate Jave Evelyn, ten months' imprisonment; Jack Allen, Carl Nielsen, Edward McKenzie and Emilo Penotti, San Francisco, operators of small liquor-runner boats, eight months' imprisonment each; J. H. Mason, chief engineer of the Quadra, $500 fine; Marino and Salvatore Cribello, San Francisco liquor boat runners, who pleaded guilty, did not receive their sentences tonight.

The defendants were found guilty of conspiracy to violate the Federal prohibition enforcement laws.

Precedent Established

It is believed here that the precedent recently established by Judge Garvin, in the Brooklyn courts, when handling the Zeehound case, was the cause of sentence being handed down on the Victoria rum runner Quadra.

Attorney Anderson, on his arrival in Victoria, after jumping his $10,000 bail in San Francisco, stated that the Quadra's defence would be based on the fact that she was outside the twelve-mile limit.

Judge Garvin contended in the Zeehound case that the U.S. coastguard is within its jurisdiction in seizing a liquor carrier outside the twelve-mile limit when it is known that such a vessel is a rum-runner.

Caught by Cutter

The U.S. coastguard cutter Shawnee caught the Quadra last October 12 discharging a cargo of liquor to a speedboat, which tried to escape. The Shawnee fired across the speedboat's bow when she was proceeding shoreward, bringing her to and making two hauls at the same time. The value of the liquor on board the Quadra is estimated at $500,000, local price, while on the San Francisco market such a cargo is valued at $1,000,000.

Captain Is Victoria Man

Captain George Ford, although a resident of Vancouver during the past year, is a Victoria man, while the majority of the crew are Victoria men with families here. Many of the shareholders of the Consolidated Exporters, as shown in the original indictment, include men of this city.

With the Quadra out of business, the Speedway blown up, the Pescawha seized and now at Portland awaiting trial, the Prince Albert libelled for $150,000, and the Coal Harbor seized by U.S. Federal authorities and awaiting trial at San Francisco, there are now only three rum-runners left of the original fleet of eleven. The jinx that has attended rum-running operations out of this port is expected to continue, as cutters of the U.S. coastguard service are stationed near by the Stadacona, Malahat and Principio, which vessels are all off the Golden Gate trying to get their liquor cargoes through.

Last Opportunity For Inclusion on New Voters' List

Today is the last day upon which qualified voters who are not on the Provincial voters' list may register and thus insure voting privileges in the forthcoming Federal election. Mr. George H. Mahon, registrar, Court House Building, will receive applications up to 1 o'clock noon.

The period for reinstating those who were struck off the Provincial list because of failure to exercise their franchise at the last Provincial election will extend to May 18.

Applications have been coming in somewhat slowly of late, the registrar said yester day, and the list of those entitled to vote, but not included in the official list, is large.

CIRCUS POLITICS COME TO AN END

RE-ELECTION OF OTTO BRAUN CLOSES GERMAN FARCE

Reactionary Opposition Was Strong Enough to Embarrass Socialist Bloc in Liberty

BERLIN, April 3.—With the re-election today of Herr Otto Braun to the post of Premier, which he resigned last January, an era of circus politics in Prussia came to a temporary close.

The election today terminates the parliamentary crisis which has been unique even in the hectic run of the German post-war politics and which originally was precipitated by the German people's party for the avowed purpose of breaking up the Socialist-Democratic regime.

Embarass Bloc

While the reactionaries at no time commanded enough votes in the Diet to overthrow permanently a three-party coalition government, their opposition was sufficiently strong to embarass Socialist-Democratic bloc in its liberty of action.

Today's re-election of Herr Braun after ex-Chancellor Marx twiced failed to maintain himself in the office and after Dr. Hermann Hoepker-Aschoff, the Democratic nominee, also declined the post, is the result of a bargain between the three Republican parties.

If the coalition agreed upon at Weimar succeeds in carrying the election on April 26, it is believed its tenure of office in Prussia will be safeguarded indefinitely.

SETTLEMENT OFFERED MINERS IN ALBERTA

Company Makes Proposition to Men Which Is Being Considered in Special Session

LETHBRIDGE, April 3.—At a conference between representatives of the Green Hill miners of Blairmore and Western Canadian Collieries this afternoon, the question of wage reduction was discussed, the company making the men a proposition for a return to work. At 8:30 o'clock the miners were in session considering the offer.

Veteran Printer Dies

WINNIPEG, April 3. — Arthur Judd, who joined The Manitoba Free Press composing room staff in 1887 and was foreman for twenty-five years, died last night following a lengthy illness. He retired in 1919.

German Firm to Develop Ireland's Water Power

DUBLIN, April 3.—The Dail this evening passed the Government's bill for developing electric power from the waters of the River Shannon. All the members of the Government party and all the Laborites supported the measure. Announcement was made by the Government that if the plan was finally accepted, the Siemans Schuckert firm, of Germany, would be the contractors.

Board to Fix Wages

CAPETOWN, South Africa, April 3.—After an all-night sitting in the House of Assembly, by a vote of 57 to 31, they gave second reading to the wage bill, enabling the introduction of a minimum wage in each industry in South Africa and the establishment of a board to fix such a wage.

SAYS RADIO NOW THREATENS THEATRE

George Bernard Shaw Decides Personal Attendance at Playhouse Grows Too Democratic

LIVERPOOL, April 3.—George Bernard Shaw is one of those who believes that the theatre is threatened by the radio. He writes in The Playgoer: "All I can say is that if I could see and hear a play from my fireside I would never enter a theatre again. I shall not prophesy, but I again remind our manager, theatre-going is very dear, very inconvenient and horribly stuffy and promiscuous.

"Unless they can overcome these disadvantages by the overpowering fascination of good plays, good acting and theatres that are like enchanted palaces, instead of hotel smoking-rooms, broadcasting will knock them out."

Canadian Authors' Award

MONTREAL, April 3.—Miss Mazo de la Roche, of Toronto, won the fifty-dollar prize for a one-act play in the recent competition organized by the Canadian Authors' Association with her play, "Low Life." Mrs. Alfred Winslow, of Vancouver, with "The Miracle of Roses," was among those who received honorable mention.

JEAN DE RESZKE SUCCUMBS AT NICE

FAMOUS OPERATIC ARTIST DIES AGED 75 YEARS

Great Singer Was Scion of Noble Polish Family, and With Brothers, Enjoyed World Fame

NICE, France, April 3.—Jean de Reszke, world famous operatic artist, for many years leading tenor at the Metropolitan Opera House, New York, is dead, aged 75 years.

For a number of years Jean de Reszke was the leading tenor of the Metropolitan Opera Company, New York, and as such occupied with operagoers a popular place similar to that held by the late Enrico Caruso. He had attained success on the opera stage in all the principal cities of Europe before coming to North America, and with his brother, the late Edouard de Reszke, basso, shared the honors of being the principal attraction on the European opera stage.

De Reszke's debut in opera was as a baritone and as such he appeared in several European cities. When M. Sibrigila heard him he at once recognized the possibilities of de Reszke as a tenor and advised him to cultivate the upper range of his voice. The singer abandoned the stage for two years to study under Sibrigila, and in Madrid in December, 1879, made his debut as a tenor in the role of "Robert le Diable."

Brothers' Successes

Meanwhile, Edouard had been winning success as a basso, and together they were engaged as the principal attraction of the Italian opera season in London. They appeared there for several seasons and thereafter their engagements in most cases were together. They sang before the late Czar Alexander II and appeared in the opera houses in Moscow and Petrograd, the latter then being St. Petersburg and one of the principal opera centres of Europe. They were special favorites of the late Queen Victoria and sang before her many times at Windsor.

When the brothers came to North America in 1890 to sing for the Metropolitan they immediately became favorites, but Jean appeared to be the more popular, not only in New York, but in other cities of the country as well.

Noble Polish Family

Jean de Reszke was born in Warsaw, January 14, 1850, and was of a noble Polish family. It was originally intended to educate him in law, but his musical ability made itself apparent when he began to receive vocal instruction from his mother, who was a distinguished amateur singer. At the age of twelve he sang solos in the cathedral in Warsaw, and later studied with several noted teachers. He made his debut in Vienna in 1874. After his retirement from the stage, in addition to teaching, he interested himself in the breeding of thoroughbred horses.

De Reszke retained his fine voice until well advanced in age. Evidence of this was given by Oscar Seagle, a former baritone of the Metropolitan, and who had studied under de Reszke.

Although in ill-health when he retired from the operatic stage, de Reszke in later years recovered and, according to Mr. Seagle, had a "magnificent contempt for all doctors and for dietitians in particular."

De Reszke married the Countess Maria de Gouleine.

ANDREW PEPPALL NOW HELD FOR EXTRADITION

Los Angeles Court Directs Return of Alleged Embezzler for Trial in Toronto

LOS ANGELES, April 3.—Andrew Peppall, former official of the Provincial Government of Ontario, today was held for removal by the United States Commissioner to stand trial at Toronto, Ont., on charges of embezzlement alleged to involve approximately $600,000.

Officers said there would be little delay in starting Peppall on his way back to the Canadian city.

Today's decision closed a legal battle that has been waged here for weeks. Peppall fought strenuously against an order for his removal. Peppall has been in business in Long Beach, near here, since his arrival in California.

Attorneys for Peppall announced they would appeal to the United States District Court for a writ of habeas corpus, since the commissioner ordered him held without bail. He has been in jail since his arrest nearly three months ago.

Kennel Club Will Crown Dog Hero of 1925—Tramps Find a Home From Home—1925 Laughs at Hats of 1825

CINCINNATI. — The American dog which in the year between April 15, 1924, and April 15, 1925, performs the most heroic deed of self-sacrifice and devotion to the human race, will be sought and crowned by the Cincinnati Kennel Dog Show, which will be held here April 17-19.

The dog so found must himself be exhibited in order that the fact may be awarded with proper ceremonies from the stage at Music Hall the evening of April 19.

Any dog in the country of any breed may be entered by his owner, and no dog will be barred on account of lack of pedigree or pure breeding, according to the regulations. There is no entry fee of any description. The dog must be shown at no expense to the owner.

A full description of the heroic deed is required, blanks for which the club has prepared.

Madame de Pasquali Dies at Omaha From Attack of Pneumonia

OMAHA, Neb., April 3.—Madame Bernice de Pasquali, famous America opera singer, died this morning in hospital here, where she was taken March 23, with pneumonia.

A Catholic priest administered last rites. Death was caused by complications of influenza and pneumonia, according to her physicians. She rallied yesterday morning and complete recovery was expected.

The diva was conscious up to the moment she expired, and died peacefully, telling her manager, Jay Clark, "I am afraid this is the end, Clark, goodbye."

NEW YORK, April 3.—Mme. Bernice de Pasquali, coloratura soprano, who died today at Omaha, was the first American woman to become a member of the Academie Filarmonica in Rome. She was elected to the Academy last year. She was born in Boston, the daughter of Captain James, U.S.A., retired.

Speedy Trial Will Be Sought for Ross Watson

VANCOUVER, April 3.—Abandoning for the time being an application for bail, Ross C. Watson, Seattle ex-detective, who has been committed for trial on the Nanaimo bank robbery charge, will appear on April 7 before Judge Barker at Nanaimo, when he will attempt to elect for a speedy trial before a county court judge. Mr. W. E. Burns, defence counsel, in view of this change, did not press the application for bail before Chief Justice Hunter today. Whether the crown will consent to a speedy trial for Watson remains to be seen; but, it is understood that the crown insists on Watson's trial at the Nanaimo Assizes before a jury.

DIRE RESULTS FOLLOW MISPLACED MATCH

Children's Fancy Costumes Alight on Stage Causes Panic in Audience and Possible Fatality

SANTA ANA, Cal., April 3.—Three children were severely burned, one possibly fatally, when someone struck a match on a stage crowded with flimsily costumed school children appearing in a pageant of the seasons presented in the high school auditorium here last night.

The match was struck when an electric fuse blew out and plunged the building into darkness. When the paper costumes of ten-year-old Virginia Trickey and two other girls flared into flame, the audience stampeded from the hall, their flight illuminated by the blaze on the stage. The three girls, of whom Virginia Trickey was the most severely burned, were rescued by adults standing in the wings, who beat out the flames and brought medical aid. No one was injured in the panic, and the damage to the stage was slight.

COUNTERFEIT BILLS NOW COME WEST

Calgary and Vancouver Branches of Imperial Bank Report Appearances of Bogus $100 Notes

CALGARY, April 3.—Counterfeit one hundred dollar bills have invaded Calgary. Seven or eight of the cleverly executed bank notes of the Imperial Bank 1917 issue, believed to have been made in Persia, have been presented to the branch of the Imperial Bank here, and sent to Toronto, where they have been proven as bogus.

So perfect is the workmanship of the counterfeiters in this particular case that officials here were unable to detect the worthlessness of the notes, and no notes of this denomination will be cashed by the local bank.

VANCOUVER, April 3.—Vancouver branches of the Imperial Bank of Canada have taken up nine or ten counterfeit $100 notes, according to officials.

The first counterfeits which were found in this city appeared nearly two months ago, and since that time they have been presented occasionally at Vancouver branches. Officials stated today, however, that they are confident the bank is in possession of all the counterfeits in circulation here.

WILL MAKE EXHIBIT OF FARM PRODUCTS

Department of Agriculture Planning Display at Home Products Fair in Armory

Agricultural products to be displayed by the Provincial Department of Agriculture at the Home Products Fair to be held in the Bay Street Armory, April 21 to 25 inclusive, will occupy space covering one thousand square feet, and will include nearly every variety of grain, fruit and plant grown in British Columbia. Mr. Arthur Shotbolt has been placed in charge of the exhibit, and he is already making plans for its design.

Poultry raising will be one of the features of the exhibit, and will include demonstrations of egg candling. Another section will be devoted to small fruits and their culture. Expert advice will be given on proper methods of pruning fruit trees, while other Government experts will explain the details of an extensive display of dairy products.

ARGUES ACCUSED DID NOT ADMIT GUILT

Makes Habeas Corpus Application to Liberate Chinaman From Custody

An appeal from the decision of Magistrate Jay on a habeas corpus application in the case of Lee, a Chinaman, convicted of having opium unlawfully in his possession, was brought before Mr. Justice Murphy yesterday. Mr. R. C. Lowe, for the prisoner, who is now serving a term of six months, took the ground that the magistrate lacked jurisdiction in view of the fact that there had not been a clear plea of guilt entered by the accused Lee.

The accused, it was pointed out, had through an interpreter said that he got pills and had to take them so that he could work. This, Mr. Lowe argued, did not amount to a plea of guilt on this charge.

Mr. W. H. Whittaker, for the Crown, held that the man admitted having opium and also of using it.

His Lordship reserved his judgment in the case.

RESERVES JUDGMENT

Civil Action Over Sale of Woolworth Corner Finally Concluded in Court Here

After nine days' proceedings in the Supreme Court the case of Woolworth vs. Pooley and others was concluded with the exception of the rendering of the judgment, which is being reserved by Mr. Justice Murphy.

Yesterday morning Mr. J. R. Green, continuing his argument on behalf of the plaintiff company, argued in favor of a return of the block in question to the original owners, the Vernon estate.

The court asked if it were contended that after the plaintiffs had added to the cost of the block something like $118,000, the defendants should take it back.

Mr. Green held that this was the contention. The modern practice, he argued, was to set aside a contract even where moral fraud was not shown but only innocent misrepresentation.

Mr. C. W. Craig, K.C., for the defendants, pointed out that the property had been entirely altered and therefore there could be no recision. To show that the very lowest price had been obtained by the plaintiffs on this property, Mr. Craig pointed out that Mrs. Furber had insisted upon Colonel Jones paying a part of his commission.

HOTHOUSE MEN HEAR WHOLESALE DEALERS

No Decision Yet by Victoria Hothouse Association With Regard to Contracts for Marketing

A meeting of the Victoria Co-operative Hothouse Association was held last evening for the purpose of hearing wholesale men submit offers for handling the season's crop.

Messrs. Ernest Fraser, A. P. Slade, Anderson Littlehailes, and Clark, of the Clark Produce Company, all of Vancouver, and L. H. Hardie and L. W. Slade, of this city, spoke. No decision will be reached until consultation with Department of Agriculture officials has been taken, and this will entail a further meeting, probably on Wednesday.

The suggestions of Mr. G. E. McIntosh, Dominion fruit commissioner, with regard to cucumber grading were considered and approved.

It was decided that the secretary should write to the newspapers and point out that the statements with regard to Mr. Pollock, an executive member, in the Duncan report, were unjust to him, and to state the facts.

Japan Announces Plans For Twenty-Two Ships

TOKIO, April 3.—The Japanese Navy Department today announced plans for the construction of twenty-two warships with a total tonnage of 124,800, to include eight first-class cruisers, three second-class cruisers, ten destroyers, and an airplane mothership. The Ministry of War is sending seven experts to France, five to America, three to England and three to Germany, during the next three years, to investigate the development of new weapons.

SAANICH TAX RATE WILL BE 25 MILLS

IMPROVEMENTS EXEMPT FROM TAXATION AGAIN

Council Tables Northeast Sewer Arbitration Plan—Health Centre Seeks 1924 Estimate

The tax rate in Saanich this year will be 25 mills on land, the same as last year, as a result of the action of the Saanich Council last night in adopting the tax-rate by-law. The rate is made up as follows: General, 10.36 mills; debt, 5.84 mills; school, 8.80 mills. Improvements are exempt from taxation again.

The sum of $13,965.39 has been spent to date on roads in the various wards. This amount has been expended as follows: Ward One, $733.44; Ward Two, $1,465.12; Ward Three, $1,509.03; Ward Four, $1,391.58; Ward Five, $1,335.83; Ward Six, $2,413.34; Ward Seven, $1,068.26; general, $109.81; relief, $297.38, and quarries, $3,036.40.

Reeve Macnicol gave notice to members of the Council that the Council Procedure By-Law would be rigidly enforced in future, commencing with the next Council session.

Northeast Sewer Issue

The Council failed to take any action on the proposal that the municipality agree with Victoria and Oak Bay to submit to arbitration the northeast and northwest sewer question. The Council tabled the communication from Victoria concerning the suggestion, and decided that a copy be sent to every councillor.

A grant of $80 was voted to the Ward Seven Cottage Gardeners' Association to aid that organization in its programme.

Accept Invitation

The Council accepted an invitation from Hamsterly-Lakeside to attend there tonight, at 8:30 o'clock, a demonstration by the Elk Lake Volunteer Fire Fighters, followed by music and refreshments.

The Saanich War Memorial Health Centre asked the Council to reconsider its decision in reducing the estimate for that organization's work from $4,500 to $4,000. The letter was referred to the finance committee.

A special meeting of the Council will be held next Wednesday night to discuss works department matters, and several by-laws.

POLICE WILL WEAR NEW SUITS SHORTLY

Khaki for Saanich Men Nearly Ready —Board Takes Out Public Liability and Fire Insurance

The Saanich chief and three police constables will be wearing their new khaki uniforms within the next week or ten days, the Saanich Police Commission learned last night at their monthly meeting at the Municipal Hall, Royal Oak. The Board will have the cap badges and numerals plated so as to correspond with the buttons, and will also purchase four pairs of khaki gauntlets.

The Commission approved the clerk's action in insuring the old Harley-Davidson motorcycle and side car against fire for the sum of $400, and the new machine and side car for $600; also, public liability insurance on a $5,000 to $10,000 basis on both machines. The cost of premiums on these items total $54.00.

Chief of Police Hastings stated that the new Harley-Davidson motorcycle and side car, which had been delivered, had been thoroughly tested by the police for mechanical defects, and had been found correct. The new machine will be utilized by Constable Rankin in the Royal Oak district, because there is more motor traffic to be dealt with in that section.

Will Overhaul Old Machine

The tender of R. Shanks to overhaul and paint the old Harley-Davidson motorcycle and side car for $50.00 was accepted, and the work ordered done.

The police court record for March included one contravention of the B.C. Liquor Act, with collection of fine of $75.00, and one fine of $20, imposed for driving to the common danger.

Taxes collected in March by police included: Dog tax, $273.00; pound fees, $5.00; licences, $45.00; and court fines, $95.00; total, $417.00.

DECLINES TO PERMIT ROUNDING OF CORNER

C.P.R. Says Encroachment on Corner of Empress Hotel Grounds Would Spoil Floral Arrangements

The C.P.R. has refused to let the city encroach on the southeast corner of the Empress Hotel grounds to permit the rounding off of the dangerous corner there, the Public Works Committe of the City Council was informed yesterday afternoon in a letter from Mr. Basil Gardom, superintendent of construction and repairs, Western hotels, C.P.R.

Forseeing a heavy increase of traffic after the opening of the Crystal Garden, the Council recently asked the C.P.R. for permission to eliminate the danger at the corner of Belleville and Douglas Streets by rounding off twenty feet from the Empress Hotel grounds.

In his letter to the Council yesterday, Mr. Gardom said:

"I beg to advise you that our head office cannot see their way to consent to your proposal, because they feel that this change would be detrimental to the floral arrangement and affect the general line of their landscape gardening scheme.

"Please let me point out that all three opposite corners of streets are also acute angles, so that little is to be gained by the rounding off of this one corner."

"There will be a lot of traffic passing that corner," Mayor Pendray declared. "I think it is essential that the corner be rounded off."

Mayor Pendray, and Alderman Todd and Blair were appointed a committee to discuss the matter with Mr. Gardom.

The cost of removing the telephone pole carrying electric wires to the Empress Hotel laundry would be $385, City Engineer Preston reported. Providad the C.P.R. would agree to the carrying of wires from the Crystal Gardan along the westerly face of that building to a pole on Belleville Street, the cost of moving the rest of the poles on Douglas Street, between Humboldt and Bellaville Streets, would be $300, Mr. Preston said. Should the C.P.R. refuse to permit this arrangement, the cost would be $1,200, he declared.

Humming Bird Here To Announce Summer

"Listen to the Mocking Bird" is no longer being sung by residents at Chemainus. The humming bird has supplanted the former in popularity owing to his early arrival this year, announcing one of the earliest Summers in history. He has also brought along with him as companions to help him in his musical efforts the loon, or great northern diver, which are now nesting in the neighborhood of Chemainus. Every night their mournful calls can be heard across the waters, sure signs that Summer will soon be here.

CAME WEST AHEAD OF C.P.R. LOCOMOTIVE

Mr. J. W. Brown, Pioneer of Regina, Has Just Returned From Honolulu After Two Months' Stay

A pioneer of Regina of 1882, Mr. J. W. Brown, one of the best-known figures in that locality, is registered at the Strathcona Hotel, on his return from a visit to the Hawaiian Islands.

Mr. Brown, with his brother, the late Hon. George W. Brown, afterwards Lieutenant-Governor of Saskatchewan, reached Regina by ox team and wagon from Brandon, then the head of steel, in the Summer of 1882, preceding the railway by a few months. Since that time he has taken an active part in the life of the Saskatchewan capital.

He told The Colonist he was delighted with the tour to the islands, and they measured up to the expectation he had formed in reading. What caught his fancy as an agriculturist was the discovery of a cattle ranch in Hawaii Island, for he had always associated the group with sugar and tropical fruit, not with stock. He went to Hilo in order to visit the famous crater of Kilauea, and gazed from the margin into the smoking depression which last year broke into eruption violently.

Mr. Brown has already met many former Regina residents here, and expects to renew further acquaintances. As one who was in the habit of going to Florida, he says the latest tour has many attractions of which the seaboard of Florida cannot boast.

ESQUIMALT COUNCIL TO ENFORCE RULING

School Trustees, However, Will Not Reach Decision Until Next Week on Compulsory Vaccination

Members of the Esquimalt Council and School Board met last evening to hear Dr. H. E. Young, secretary of the Provincial Board of Health, and Dr. McCallum, local officer of health, with regard to regulations on vaccination precautions.

The medical men addressed the board at some length, and after two hours' discussion it was resolved that the medical health officer should enforce the regulations, and he was given authority to draft the necessary rules, setting out the duties of residents of the district, and the necessity of vaccination or claiming of statutory objection. A free clinic will be opened.

The school trustees did not reach a conclusion, as some of the members had left before the conclusion of the conference, and another meeting will be held early next week.

Captain R. P. Matheson, the Reeve, stated to The Colonist that the discussion before reaching a conclusion had been exceedingly frank, and that he had challenged Dr. Young that the Provincial Board of Health had not been frank in parts of the regulations and had not stated the statutory exemptions for conscientious objectors. Such acts, the Reeve said, were not encouraging to law enforcement. Dr. Young replied, objecting that a wrong construction had been put on the regulations.

BUILDING FIGURES INCREASE IN MARCH

Building figures for March totalled $70,082 as compared with a total of $42,555 for the corresponding month last year, according to data compiled at the City Hall. The $40,000 permit for the addition to the Glenshiel Inn was the largest single item in the aggregate figure.

Forty-five permits were issued last month. Eighteen of these were for new garages. Construction of six new residences was begun.

EMACIATING TRADE POLICY

The current Federal Budget discloses that the total revenue for the twelve months ending March 31 last is $52,827,000 less than the total revenue for the previous fiscal year. This is due to tariff reductions that have been made effective, and to certain other considerations. The country generally has experienced no good results from these reductions. The falling off in the revenue is an indication that in many lines of endeavor which are tax-producing there has been a decrease in production, and the Government must accept its share of blame for this condition. "The Government," says The Toronto Mail and Empire," has hit the producers of the country so hard as to reduce their power of paying taxes to the amount of about $1,000,000 every week of the fiscal year."

The people of Canada should know exactly where they stand financially. They should not be hoodwinked. Here is a budget in which it is admitted that the revenue has fallen off by nearly $53,000,000 since the previous fiscal year and yet the Government claims it has a surplus. Such a cloud of camouflage is spread over financial figures that the Government has even resented the Auditor-General, Mr. Georges Gonthier, telling the people that it is the Government, or, in other words, the taxpayers, who have to pay the interest on loans to the National Railways. The economies practised by the Government during the last twelve months have been trivial. They have been more than counter-balanced by the expenditures on royal commissions to ascertain information which, prior to their appointment, was all in the hands of Government officials. Expenditures have been as great as during the fiscal year 1923-1924. Revenue, however, has fallen by upwards of $50,000,000; yet the Government claims a surplus. The people of Canada are neither children nor fools and cannot have the wool pulled over their eyes. They prefer to see things as they are rather than as their Government thinks they ought to be. As The Toronto Mail and Empire says, in commenting on the Budget, "a trade policy that emaciates the revenue is a trade policy that impoverishes the people."

"SAVE THE SURFACE"

There is a proverb extant, and it is a fairly old and well tried one because it prevails in the English, French and Italian languages, which is to the effect that:

If youth knew what age would crave
It would both get and save.

Through the ages runs the doctrine of economy, of conservation, of preparing for the future. We have anti-waste leagues, but only too often they are regarded as collections of cranks by the public at large. In the vast majority of cases they are on the right track, for it is the true track of economy which will make for a happier and better satisfied civilization. Those who have studied anti-waste campaigns, for instance, can hardly fail to commend the annual appeal which is made under the caption of "Save the Surface." It is a campaign principally directed to the painting of houses and their consequent preservation. Anyone who has travelled through Canada knows how many towns and villages there are of drab appearance where the policy seems to be adopted from year to year of waiting and waiting until the houses fall into such ruinous decay that they either have to be abandoned, or else an expenditure is necessary which might readily have been avoided if, in the first instance, efforts at preservation had been made.

Homes are among the most valued domestic possessions of a people. It is in their homes that they should take a pride. The well kept house, the one both inside and outside with the most attractive appearance, is the one which shows the habits of its occupants. Homes whereof the fabric is allowed to decay because of a misguided belief that the expenditure necessary to prevent such decay cannot be afforded, illustrate a lack of real thrift when that word is considered in terms of the future. It should be remembered that homes are investments of the people, and that it is in their best interests to conserve such investments, since it is by homes, as well as in other possessions, that men's monetary value is rated. We are at one with the doctrine of those who point out that houses should be painted at regular intervals and that they should be thus kept in a state of preservation. They are investments worthy of conservation. Such a policy, if it could become widespread, would have the effect of brightening up our Canadian life, and, incidentally, it would mean the saving of many millions of dollars to our home-owners. Those who preach the doctrine of "saving the surface" are declaring the policy of thrift, and also one of comfort as well as beauty. The well preserved homes of a city or town are among its greatest assets and best advertisements. Victoria has a remarkable asset in her homes and their picturesque characteristics. That asset could be strengthened and beautified were our home-owners to lend a willing ear to the "Save the Surface" campaign, a campaign which is without any doubt in the best interests of what are so often the people's most treasured investments.

MONEY-LENDING EVILS

Lord Carson, one of the greatest modern crusaders in politics, has introduced a bill in the House of Lords to limit the rate of interest which may be charged by money-lenders. To begin with, the bill would amount to an instruction to the courts to presume any rate of interest above 15 per cent per annum as "harsh and unconscionable," and throw the onus of proof to the contrary on the money-lenders. "This," he sombrely remarks, "will keep the Emirs of the profession within bounds." In Liverpool alone it seems there are 1,380 money-lenders, of whom over 1,000 are women, and in the case of the smaller fry of such financiers it is proposed that their profit should be limited to 10 per cent on loans under £20. The present charge on such loans is 433 per cent.

Lord Carson's bill also deals with those little habits in money-lending which involve the charging and manipulation of compound interest. It is proposed that the money-lender should not have the right to use the "morally terrible weapon" of the Bankruptcy Court until the County Court has given the borrower a chance to repay by instalments. Lord Carson, by a mass of documentary evidence, shows that "money-lending is akin to blackmail." Needless to say Lord Darling is heartily in support of the bill. With his customary sense of humor he expresses a desire that the money-lender should be required not only to put his own real name but his grandfather's real name in a contract with a client, "in order to lessen the number of those who were apparently descended from followers of the Conqueror of England and increase the progeny of the followers of the original conqueror of Palestine." The interest rates of money-lenders were limited under the Tudors and the Stuarts, but in latter days in Britain the usurer, with that extreme agility which distinguishes the sect, seems to be getting often four times as much as his own back from his dupes.

NAVAL DEFENCE

Premier Bruce of Australia has reaffirmed the standard of self-respect for his country in the matter of naval defence. He does not believe that the British taxpayer should go on carrying the vast bulk of the burden and his country is to continue to bear a share in proportion to her ability. Her programme for the future is to be one of light cruisers. That programme, too, thoroughly endorses the action of the British Government in going ahead with the establishment of a first class naval base at Singapore. Australia realizes that the Singapore base is essential if British capital ships are to operate in the Pacific, or, in other words, if the Empire is to be able, in the case of any emergency, to place her naval strength wherever it may be required.

New Zealand is at one with Australia in this realization. To all parts of the Empire which have Pacific commitments the Singapore base is a vital necessity. It should be an equally vital necessity for all portions of the Empire to follow Australia's example and provide, within their means, for taking their share in defending their shores. The attitude of our Dominion Government on the subject should be determined during the present session of Parliament by what it permits to be done following the discussion precipitated by Mr. A. W. Neill, the member for Comox-Alberni.

The London Morning Post says: "Every political society is honeycombed with enemies—men of ill-will who put their own fortunes before the good of the country. But perhaps the most deadly enemies of the State are the philosophers, the idealists, the traffickers in utopias, the reformers in a hurry. We congratulate ourselves on being a practical people, but even in our own history some of its most sombre pages are those which are consecrated to the description of the wreckage inflicted by men of good intentions."

The Kansas City Times remarks: "Charles M. Schwab says he has never made money in speculative efforts and that there is 'no money to be made in anything except a business you can develop and into which you can put your heart and soul.' Mr. Schwab seems to agree with many other successful men who have insisted that the only road to wealth or other worth-while end was plain, hard work. It is a hard saying and apparently there are many who cannot accept it."

A permanent idea which seems to have been created in men's minds is that we made a fortune out of the Great War and that higher wages and more prolific and lavish expenditures can be maintained. The truth, of course, is that we lost a fortune and have to make good the deficiencies by sound and consistent economies.

Note and Comment

By R. B. D.

"Nothing in the newspapers!" Such a taunt is flung in our face every day. And we find so much in the newspapers, so much rich material for Note and Comment, that we hardly know how to select the subject likely to be the most interesting to discuss. The newspapers these days are full of matters of the deepest human interest.

* * *

If you are interested in horrors, was not that affair in Germany, where the Weser is still "rolling rapidly," not sufficiently horrible? Of course a few years ago the swift snuffing out of the lives of between seventy and a hundred soldiers would hardly have been worthy of comment, but we cannot afford to prosecute Great Wars continuously for the sole purpose of creating news of sensational human interest.

* * *

Then the newspapers have recently recorded two most lamentable accidents in coal mines. We have heard an insinuation that those terrible affairs really were not accidents at all, but something entirely different; at any rate the men were entombed and smothered, and doubtless their relatives and dependents believe the explosions were sufficiently horrible in their results.

* * *

Then if you are not interested in horrors, let us direct your attention to the political alliance between Right Hon. William Lyon Mackenzie King and the Progressives of the greater part of the West except British Columbia. That is a matter in which everybody should be deeply interested, because in the end it will affect the pocket of every resident of Canada.

* * *

The Government is going to subsidize an ocean steamship line in the hope that thus it will somewhat appease the simulated wrath of the Progressives. The Government is going to establish a system known as rural credits because the Progressives demand rural credits.

* * *

Some of the Prairie Provinces have rural credits of their own, and the rural credits have been absolute failures because the creditors are the governments and the debtors are the voters. No government composed of practical politicians ever would dream of attempting to enforce payment of debts to the government if such enforcement involved even a remote possibility of inciting political hostility to the government. Consequently the Dominion Government is going to assume the rural credit liabilities of some of the Western Provinces.

* * *

Any logical-minded, hard-headed, common sense person might ask why the Government, if it is going into the banking business should not extend credits to men in all lines of business as well as to men in the wheat-growing business. The Government has promised to do many other things in the hope of winning and holding the support of the Progressives. The Government could not exist without the support of the Progressives. The British authority who said that democracy is based upon talk was right in one sense, but very far wrong in another sense. Democracy in Canada is based upon something far more substantial than talk; it is based upon the things the King Government is doing to win and hold the support of the Progressives; it is based upon buying the votes of certain sections of the community with the money of other sections of the community. That is something the open-minded and critical reader will see proclaimed in almost every daily issue of the newspapers.

* * *

However, there is no reason why readers of the newspapers in this part of Canada should be downhearted because there are daily records printed about catastrophes and calamities, murders and suicides, floods and tempests and sudden deaths, assaults and robberies, and political manoeuvrings in other parts of Canada and in every part of the world. We are told in the news of the day that Spring has arrived with a great rush of angry waters in the middle and eastern parts of Canada. The country is flooded from Saskatchewan in the West to St. John in the East. The grip of the frost, which endured for many months, has been broken with a crash. There has been some loss of life and a considerable loss of property.

* * *

Spring does not arrive in this part of the world with a roar as of many waters. It comes in slowly and gently, almost as imperceptibly as the dew falls from heaven. This season there was not a leonine roar even in the turbulent month of March. If you take a walk around the Uplands—not around the golf course, although that is a sufficiently pleasant place at this season of the year—you will find the sun shining, the flowers blooming, the trees all ready to burst into leaf (the softer varieties have been in leaf for weeks). You will also hear the native birds singing to the extent of their limited ability, the cock pheasants crowing, an occasional grouse hooting, and you will hear the larks singing so joyously that sometimes you will wonder at the soundness of their little diaphrams.

* * *

Therefore, if you can find nothing of interest in the newspapers, and the affairs of the world generally seem "flat, stale and unprofitable," take a walk in the country and listen to the songs of the birds and note the preparations of Nature for the work of the year. Neither wars nor floods nor tempests nor sudden death, nor any of the petty doings and futile ambitions of men, have the slightest influence upon the courses of the seasons. This is the seedtime, and the harvest shall not fail.

Canada's Story Day by Day

By BLODWEN DAVIES

APRIL 4

It was a Canadian-born officer, General Sir Gordon Drummond, who turned the tide of victory flowing in Canada's favor in the war of 1812. He was the son of a British officer and in the course of a brilliant military career fought in the Netherlands and West Indies, and was present at the taking of Cairo and Alexandria. On this day in 1813 he was sworn in as second in command to Governor-General Prevost in Canada, and later in the same year was made administrator in Upper Canada. When Newark, now Niagara, was burned, during the war, and the inhabitants turned out in the snow without food or shelter, he retaliated by laying waste the American border from Ontario to Erie, though such warfare was repugnant to his nature. He was in command at the victory of Lundy's Lane, and was wounded there. Throughout he was in the conflict with the weak policy of Prevost and his success in the field was in spite of, not because of, Prevost's attitude. When the war ended the brave and gallant gentleman was rewarded with a knighthood.

Great Thoughts

Great occasions do not make heroes or cowards; they simply unveil them to the eyes of men.—Brooke Foss Westcott.

We judge others according to results; how else?—not knowing the process by which results are arrived at.—George Eliot.

Justice is truth in action.—Benjamin Disraeli (Lord Beaconsfield).

I am giving you examples of the fact that this creature man, who in his own selfish affairs is a coward to the backbone, will fight for an idea like a hero. . . . I tell you, gentlemen, if you can show a man a piece of what he now calls God's work to do, and what he will later call by many new names, you can make him entirely reckless of the consequences to himself personally.—Bernard Shaw.

Esquimalt War Memorial

Sir,—The decision of the Esquimalt War Memorial committee to abandon the project of establishing a memorial to the fallen heroes of Esquimalt will come as a great disappointment to a large number of people, who, like myself, think that some lasting monument should be erected to take the place of the dilapidated shrine that was erected temporarily to serve this purpose.

We are justly proud of the efforts and sacrifices of the Esquimalt boys, and if the memorial committee had entered whole-heartedly into the scheme the sum required would, I feel sure, have been secured without any great trouble, but they seem to have shown an utter lack of courage and confidence that speaks little for delegates who are supposed to represent virile organizations such as we have in Esquimalt.

Does the I.O.D.E., with the powerful organization they have and whose one object should be to see that we have a fitting memorial erected as soon as possible, agree with the decision arrived at, or are they content to have the sacrifices commemorated solely by a shrine which has become a disgrace to the community?

The Scottish Daughters and the Women's Institute of Esquimalt boast, and rightly so, that they have the finest organizations of their kind in British Columbia. Are they going to give up the project without at least making an effort?

The representatives of the Anglican Church should at least have had confidence in the generosity of the people of Esquimalt, considering the success they have always had whenever they have appealed for funds. The public of Esquimalt has always been more than eager to give for any project that has been for the public welfare, and it has been a source of gratification to the people of St. Paul's Church that this is so.

In conclusion, I would respectfully suggest that the various organizations should request their delegates to furnish their reasons for abandoning the project without at least making an effort.

Kingly Nomenclature

Sir,—Surely sir, you will allow me to answer your unfair and incorrect editorial in last Saturday's Colonist. You say that I am a valued correspondent. I thank you. I repeat, that there was no such title as James I of England. James VI of Scotland was King of one of the five Kingdoms of the British Isles, and also became King over the remaining four Kingdoms on the death of Queen Elizabeth in 1603. You say James was King of Scotland and King of England. If so, then, who became King over the other three Kingdoms, namely Ireland, Wales and Isle of Man? You say the translators were learned men, but being philosophers and divines they did not know how to address His Majesty, their King. You might as well say that the Bishop of Canterbury, being a preacher of the Gospel, would not know how to address His Majesty King George V. You say from 1603 to 1707 England and Scotland had each its own Legislature, under one crown, whereas they were under two crowns till 1685. You say Queen Anne was the first to have the title of Great Britain, which is incorrect.

You say in the interest of a meticulous accuracy it may be well to add that James was not known or spoken of as James I until the accession of his grandson, James II, in 1685. King James died in 1437, he being "the First" of that name, so you see your plan does not work out in the case you refer to. When one applies numbers to the Kings the oldest title comes first, as James VI and I, or James VI of Scotland and I of Great Britain and Ireland, or James King of Great Britain and Ireland, or James II King of Great Britain and Ireland, from 1685 to 1688.

Now sir, "a little bit of history": In 1649, when Charles, "King of Great Britain, France and Ireland, died suddenly, the Parliament of England passed an Act which threatened death to anyone who should proclaim his successor. Upon the Parliament of Scotland hearing of the death of His Majesty their King, and the above Act of Parliament, they passed an Act of Proclamation (see Acts of Parliament of Scotland, vol. vi, pt. II, p. 157, dated February 5, 1649), proclaiming Prince Charles as "King of Great Britain, France and Ireland." And on January 1, 1651, the representatives of the Parliament of Scotland, did within the parish Church of Scotland, Scone, near Perth, place the crown of Scotland on the head of Prince Charles, crowning him Charles II, "King of Great Britain, France and Ireland." In 1660 the Parliament of England certified as correct the dictation of Act of Parliament of proclamation passed in Edinburgh on February 5, 1649. The Parliament of England also in 1660, recognized the authority of the Parliament of Scotland in crowning Charles II "King of Great Britain, France and Ireland."

In 1685 the King died, and his brother, James II, "King of Great Britain, France and Ireland," reigned in his stead.

Premier and Doukhobors

Sir,—It is regrettable that such letters as that signed by F. W. Godsal, in today's issue, should find circulation through your, or any other, newspaper columns. Scripture quotations are no justification for Mr. Godsal's misstatements. Even the devil quotes scripture. See Matthew 4 and 6. "Thou shalt not bear false witness," saith the commandment.—Exodus 20 and 16. "All liars shall have their part in the lake which burneth with fire and brimstone."—Revelations 21 and 8.

Peter Verigin's letter of April 25, 1924, referred to by Mr. Godsal, was received April 28, and acknowledged the following day. It is not a fact that Peter Verigin wished the Doukhobor children to go to school, and there is no such statement in Mr. Verigin's letter referred to by Mr. Godsal.

I quote from Mr. Godsal's letter: "Premier Oliver and his Government did not take advantage of Peter Verigin's offer 'to give them an exact list of the names and surnames of the people who had burned schools.'" Peter Verigin made no such offer, and the words given by Mr. Godsal in quotation marks do not occur in Mr. Verigin's letter. In other words, Mr. Godsal has been guilty of misrepresentation.

It is not true that the Government refuses to pay a debt to the Doukhobors "of $150,000 for public roads and bridges built by them for the Province." It is true that the Government has refused to pay a claim of the Doukhobors for $150,000, as the Government does not owe them this, or as far as I know, any other sum.

Elk Lake Golf Links

Sir,—As an old and experienced golfer and as an overburdened taxpayer, I wish to endorse every word of Mr. J. A. Shanks' letter in your issue of April 2. He informs us the first nine holes will cost at least $50,000, with the same sum of money for the last nine holes if it was decided to make them. For these two large sums of money the taxpayers have not really got a dollar to subscribe, but must practically borrow it all. Only a limited number of golfers can play on a nine-hole course, morning or afternoon, and there cannot be a sudden and profitable inrush of numerous additional players at any time, because they will not be able to start, or only after a trying delay which will be a bar to enjoyment. Even on an eighteen-hole course there will be difficulty in due proportion and the quicker players will not be able to "pass" on account of the block ahead.

It has been the experience of all golf clubs that even where conditions have been favorable their courses cannot be kept in order and other expenses met when fees are low, and fees everywhere have always had to be raised. It was folly on the part of the City Council to go to unusual expense in laying out a golf course nine miles from the city when that Council had not really got any money available for the purpose, and had not any permission from the taxpayers to undertake the work. Throwing good money after bad has been condemned through all the ages. Let the taxpayers inform the City Council that the second nine holes must not be constructed, no matter what. It would appear that with a City Comptroller and efficient heads of departments our Councillors have not got anything to do except chase up one more way of spending money that the taxpayers have not got but must borrow.

A Call to Prayer

Sir,—"A call to prayer is always in order." This is a standing rule in some of our assemblies. Such a call has gone out to "the whole evangelical world," from the Baptist Bible Union of North America, for the first three days of April. "It comes to me from England in The Christian, of March 13. With it is the appeal of the "Great Commission Prayer League" of Chicago, which calls attention to the fact that many Sunday schools will be studying on Sunday next the second chapter of Acts, which tells of the gift of the Holy Spirit. It adds, "What more fitting thing than that the Saturday evening preceding be open, everywhere, in penitent, petition to God for a fresh visitation from on high?"

A prayer meeting will be held (D.V.) on Saturday evening next, at 7:30, in the schoolroom of the Church of Our Lord to seek a blessing on the services of the coming day, and on the teaching in the Sunday schools of this city. The meeting will not be unduly protracted, in spite of suggestions that such gatherings should be continued till midnight. There are objections to such a course which are unanswerable.

Notable Anniversaries

On April 4, 1893, was held the first sitting of a Commission which carried much interest for Victoria. This was the Bering Sea Board of Arbitration, constituted to decide in the controversy over the claim of the United States to territorial jurisdiction over the whole area of Bering Sea.

The court jointly appointed consisted of Sir John Thompson, representing Canada, Lord Hannen (England), Justice Harlan and Senator John T. Morgan (United States), Baron de Courcel (France), Marquis Visconti-Venosta (Italy), Judge Gregers and W. W. Gram (Sweden and Norway. Baron de Courcel presided.

The findings of the court are well remembered. On the main question, that of jurisdiction, the decision went against the United States, but rules were laid down to restrict pelagic sealing, and provision was made for a subsequent commission to determine the compensation due to sealers whose vessels had been wrongfully seized by the United States. That commission met in Victoria in 1896, and its award amounted to $473,000.

There is little need to recall the later convention by which pelagic sealing was stopped entirely on condition of sharing in the proceeds of the inland operations. That convention is still in force and the question of its renewal is now under consideration.

FIFTY YEARS AGO TODAY

(From The Daily British Colonist of April 4, 1875.)

St. John's Church—It affords us great pleasure that a purse (well lined) was presented to Mrs. Jenns, wife of the esteemed Rector of St. John's Church, last evening, as an Easter offering.

From the East Coast—The steamer Maude, with the following passengers, arrived here last evening from the East Coast: Miss Irving, Mr. Peck, Mrs. Shaw, Mr. and Mrs. Chelsea, Mr. Sirles, F. Reilly, C. Hook, Mr. Sampson, F. Burdett, three Chinamen and four Indians. She also has eighteen cattle and four calves.

No Good—The experiment of the steamship Los Angeles with Seattle coal on her recent trip 'round Puget Sound was such as to prove that Seattle coal is entirely unfit for steam purposes. The steamship took in 40 tons of Seattle coal and found it entirely unsuitable. Not content with refusing to burn itself, it positively put out a fire of Nanaimo coal when placed on top! Captain Howell, therefore, upon his return to Victoria yesterday was forced to take in a supply of Nanaimo coal to carry his ship to San Francisco.

COUNCIL CONSIDERS TELEPHONE PROPOSAL

Saanich Decides Not to Take Action Until Protests of Cadboro Bay Residents Are Reviewed

The Saanich Council last night decided that it would not take any action with the proposal that the cost of the two-number toll telephone service between Victoria, Belmont, Gordon Head and Colquitz be decreased from five cents a call to a four-cent call basis until the viewpoint of the residents of Cadboro Bay had been reviewed.

A deputation of Cadboro Bay ratepayers waited upon the Council and urged that there be no abandonment by Saanich of the suit against the B. C. Telephone Company before the Railway Commission.

Messrs. F. G. Aldous, Munroe Miller, J. G. Phillips and F. V. Hobbs addressed the Council briefly, stating that Cadboro Bay district had been unfairly dealt with by the telephone company, and asking that the report of the Railway Commission on the telephone case be awaited before concessions were made.

Reeve Macnicol told the delegation that no official of Saanich had asked the B. C. Telephone Company for a compromise or a four-cent toll exchange system.

FRENCH GROUP BREAKS AWAY

Continued from Page 1

Loses Support

PARIS, April 3.—Premier Herriot since yesterday has lost his Minister of Finance and forty-one members of his majority in the French Chamber. He has found another man, Senator Anatole de Monzie, to grapple with the task of unravelling French finances. Political observers believe that the Premier will have a hard time filling up the gap in the ranks of his supporters.

Break in Coalition

Added to other difficulties, a break in the coalition that has been solidly back of the Premier occurred this afternoon, when the group known as the Radical Left, led by M. Loucheur, decided it no longer could support policies of M. Herriot.

M. Loucheur already had hinted he would abandon the coalitionship even before he refused the portfolio of finance last night. It is understood his decision is due to the tendency of the Herriot government to look with favor on a capital levy.

When Premier Herriot left the Chamber after a stormy session he was followed by the same cries he heard in the lobby of the Senate: Resign!

Odds Against Ministry

The cabinet, however, it was said in official circles, will go ahead with the programme it has in view and will retire only after a battle. Nevertheless, odds against the present ministry have grown so in the past forty-eight hours that speculation in the lobbies of both houses turned to a probable successor to M. Herriot.

The defection of the Loucheur group will bring the government's coalition strength in the chamber down to about 300 out of a total 584 members, which is a smaller margin than any preceding Premiers have required to remain in power.

RELEASE PLOT IS DISCOVERED

Continued from Page 1

of saws, and day and night jailers, he explained, have been under instructions to examine closely every package delivered for a prisoner, no matter what his standing.

Bookkeeper Sentenced

Selecting Brockway, effeminate, diffidant bookkeeper, who pleaded guilty to grand larceny today, and was sentenced to from five to fifteen years at Walla Walla, as the recipient of the fruit, was cited by Starwich as an instance of the master craft of gangsters.

The men for whom the saws were intendad, he asserted, are Johnston, Harry Stone and William Bagley, already ordered extradited to Canada by Superior Judge Mitchell Gilliam, but awaiting the results of an appeal to the circuit court of appeals.

Johnston Tipped Off

Johnston, according to the sheriff, had been tipped off that the saws were to be delivered this week, and was directed, through underground jail channels, to be on the watch for either a box of candy or a sack of fruit. This was to be delivered to some prisoner in his tank. His play, the sheriff said, was to see that both Bagley and Stone, held in other tanks, received at least one of the saws.

Approximately a month ago, Starwich disclosed, he had been informed that at least three Chicago gangsters had arrived in Seattle and taken up quarters near the jail to manoeuver at any cost a delivery of the three Nanaimo suspects—Johnston, above all.

Befriended Gang

The latter, Starwich said he learned, was supposed to have befriended a Chicago gang of which he was a member in some grand manner several years ago, and when his former associates heard of his plight here, he continued, they delegated a group of gunmen, small but highly respected for their art, to come to the Coast and effect his liberty and that of his two suspected bank bandit associates.

"These men," the sheriff said, "are under orders from their Chicago leaders to spare nothing, not even their lives or the lives of officers with whom they might engage in gun battle, to effect Johnston's release. We have met their first play and are ready for the next."

The sheriff said he doubted that the young woman who had delivered the fruit knew of its secret mission.

The three suspects in jail were arrested in Seattle shortly after the robbery December 12, when the bandit gang in broad daylight held up the Nanaimo branch of the Royal Bank of Canada and made away with $42,000 in currency.

HOLD LEGALITY OF SESSION IN DOUBT

SAANICH COUNCIL MEETING FEATURED BY VERBAL BATTLE

Councillor Kirkham Accuses Reeve of Similar Action to That of Mr. Watson, Which He Criticized

Questioning the legality of the special meeting of the Saanich Council on Wednesday afternoon, at which payment of on account of $696 for the purchase of a motorcycle for the police department, was passed, Councillor H. O. Kirkham won his fight at the Council meeting last night to table the minutes of that meeting in order that an opinion may be secured as to whether or not the meeting in question was legally held.

The Council, however, adopted a resolution, which approved the payment of $696 for the motorcycle for the police department.

Councillor Kirkham charged that insufficient notice had been given of the meeting of April 1, stating that he had not received information of the meeting until only three hours before the session. The meeting with the School Board was called to discuss the subject of vaccination, and then the Council proceeded to pass this motorcycle purchase account, he continued.

Claims Incident Identical

"It is not long ago that you, Mr. Reeve, went all over the municipality and raked others over the coals unmercifully because a transaction regarding purchase of a motor car for the police chief, and yet this action of yours this week is a similar procedure" declared Councillor Kirkham, with emphasis.

The reeve retorted that the meeting on April 1 had been properly called, and the necessary notice, followed up by telephone messages, had been sent out by the clerk to Council members. Approval of the purchase of the motorcycle, asked for by the Police Commission, had been given by the Council, at a recent meeting, he said, adding that the incident referred to by Councillor Kirkham was the case where the purchase of the motor car for the chief of police had not been authorized by the Council.

"You are saying something that's not true," replied Councillor Kirkham.

Says Ex-Reeve Responsible

Mr. Macnicol came back with "your friend, ex-Reeve Watson, was responsible for that affair."

Councillor Kirkham said there were more in the municipality than the reeve.

"There were present four councillors and the reeve, including three of the four members of the finance committee at Wednesday's meeting, when payment of the motorcycle was authorized. Just because Mr. Kirkham was not present, there is no reason why the account should not have been passed. The chairman of the finance committee is not going to run Council meetings," said the reeve.

Councillor Kirkham assured the reeve that he did not propose to, nor would he try to do so.

QUEEN CONTEST STARTS; $250 PRIZE TO WINNER

Continued from Page 1

will be judged with regard not only to facial pulchritude, but also to beauty of figure, deportment, or carriage, education, speech, personality, poise and vivacity.

Rules for the contests were announced yesterday as follows:

Coupons

"Immediately upon receipt of notification of the six chosen contestants coupons will be printed for sale to the public at 10c each. Such coupons will be issued in the first instance from a headquarters office, where necessary books of account will be kept.

"The coupons shall be of six kinds (different), one for each of the six contestants concerned. Each of such coupons shall bear on its face a reproduction of the photograph of one of the contestants, together with her name. They shall be numbered consecutively, each in its own series. Each coupon, upon being duly turned in to the executive committee, shall count as one vote in favor of the contestant whose portrait it bears.

"On the reverse side of the coupon will be printed the details of a competition of skill, to be known as the Beauty Contest competition, open to all members of the public purchasing a coupon.

Beauty Contest Competition

"This competition, which is open to the general public, shall consist of each purchaser of a coupon being entitled to submit in writing and on the back of such coupon an estimate as to which of the six contestants will be returned by public vote as Queen of the Carnival and also the order in which the remaining five contestants will be returned.

"The details of a subsidiary competition (the estimates for which will only be referred to in the event of two or more competitors estimating the correct order in which all the contestants for queen will be returned) will also be printed on the reverse side of the coupons, and shall consist simply of an estimate of the number of votes the elected queen will poll. (See alternative on coupon sample).

The winner of the competition will be presented with an automobile, the value of which will advance in proportion to the coupons sold. The contest will open with a Ford offered, and possibly close by a Packard being won.

Dates of Competition

"The date upon which the coupons will be ready for sale and the competition will start will be May 1, 1925, and the competition will close on the evening of June 6, following. No estimates will be received after that date.

"The winner of the competition will be announced as soon as possible thereafter.

Discount on Blocks

"To encourage the sale of coupons in blocks of ten or more, any purchaser buying for cash a block of ten or more coupons, either for his own use or for sale, shall be entitled to a discount of ten per cent on the purchase price.

No Limit to Number of Estimates

"Competitors may submit as many estimates as they desire, but every such estimate must be made on the back of a coupon.

Beauty Contest Prizes

"The contestant who is elected Queen of the Carnival will receive a prize of $250 value.

"The remaining five contestants will each receive a prize value of $100.

"Each of the contestants, including the Queen, will be required to select her own trousseau and regalia, which will all conform to an effective and harmonious design to be decided upon later.

Crowning Ceremony

"The Queen will be crowned with due pomp and ceremony at the opening ball of the carnival, and will be attended by the five remaining contestants, who will be known during the carnival as princesses in attendance on the Queen. They will be required to attend all the major functions during the progress of the carnival."

ELECTRICIAN WARNS COUNCIL OF DANGER

The presence of grounded wires on poles is a source of danger to men employed on line work," said City Electrician Hutchison, in his report to the public works committee of the City Council yesterday afternoon on the advisability of granting the request of the B.C. Electric Railway Company for permission to ground its 110 and 220-volt alternating current secondary service wires to city water mains.

"The proposed scheme would undoubtedly add considerably to the very full protection now given to consumers under the Provincial and the city wiring regulations," Mr. Hutchison declared. "It is to be regretted, however, that the additional security thus obtained would bring about a hazardous condition for workmen engaged in line construction."

Mr. Hutchison was not prepared to assume any responsibility for increased risk should the request be granted, he said. He would advise the Council to delay consideration of the request until the Electrical Workers' Union had given their opinion.

The Council decided to consider the request next week.

HOLD-UP LANDS ROBBER IN JAIL

Continued from Page 1

hold on the top of the fence and fell. Before he could rise, Constable Strong pounced on him.

The gun the bandit had used to hold up the drug clerk, a huge weapon of .45 calibre, had dropped on the ground nearby.

Gun Stolen Last Week

At the station the curious pattern of the gun caused comment and the captured man admitted that he had stolen the weapon from Maynard's photography store window, Yates Street, last week, after breaking a hole in the glass. The weapon was unloaded and the bandit claimed that he had been unable to secure ammunition for it.

The captured man gave the name of Herbert E. Smith and said he came to Victoria about a month ago from one of the cattle ranges of the interior. He had been unable to get work and had decided that the hold-up game was the best way to secure some money. He had no home, he said, and no parents or relatives.

Since shortly after his arrival in the city he had been staying at the Seamen's Institute on Superior Street. He told the police his age was 18½ years.

Story of Hold-Up

The accused will appear in police court this morning to answer two charges: robbery with violance, and being in possession of stolen property.

"I was in the store alone at the time," said William Clarke, the clerk in charge of the drug store, in explaining the details of the hold-up. "I was at the rear of the store when I heard a man's voice just behind me: 'All right you,' he said, 'stick 'em up.' I turned around and the man pressed the muzzle of a revolver against me. He backed me around the counter to the cash till and kept the gun pointed at me while he scooped out the money.

Clerk Fires Shot

"Then he backed out the front door, turned and ran directly across the street. As soon as he took the gun off me, I grabbed a revolver from a drawer behind the counter and went to the door. I saw him running near the opposite side of the street, and I took a shot at him before he disappeared in the dark."

The man was dressed in a worn gray topcoat, faded blue overalls, stagged off near the top of boots that reached half way to his knees. On his head he wore a high-crowned hat such as is common on the plains.

He said he realized the seriousness of the position in which he had placed himself. When he was searched at the station, no money could be found on him until the searcher commenced groping in his socks, when the roll containing $41 was found.

PAINS IN LEFT SIDE AND BACK

Other Troubles Women Often Have Relieved by Lydia E. Pinkham's Vegetable Compound

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back, and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. ROSE, 580 Notre Dame Street, Lachine, Quebec.

Doctor Said An Operation

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. ADAMS, Box 54, Provost, Alberta. C

FORMER VICTORIAN PASSES IN NORTH

Mrs. John Flewin Came Here as Girl, and Went to Port Simpson With Husband

There has passed away at Port Simpson one of the well-known pioneers of the northern coast in the person of Mrs. John Flewin, of that place. She has been a resident of the north since 1888, when she went to Metlakatla with her husband. A little while later they moved to Port Simpson, where Mr. Flewin was government agent for the northern coast section of the Province for many years.

To all residents of the north and all who have visited Port Simpson, Mrs. Flewin was known for her hospitality. Her earlier life was spent in Victoria, where she arrived with her father's family by Hudson's Bay Co. steamer.

She is survived by Mr. Flewin. Two sons are living in Port Simpson, William and Bert. The other members of the family, including two sons and two daughters, are residing elsewhere. A brother, Mr. William Copeland, resides in Vancouver.

OBITUARIES

LOVATT—The funeral of the late George Lovatt will take place from McCall Bros.' Funeral Home, corner of Johnson and Vancouver Streets, this afternoon at 2 o'clock. Rev. F. A. P. Chadwick will conduct the service, after which the remains will be laid to rest at Ross Bay Cemetery.

HALL—The funeral of the late Lulu Hall took place from McCall Bros.' Funeral Home, corner Johnson and Vancouver Streets, yesterday afternoon at 2 o'clock. The remains were laid to rest at Ross Bay Cemetery.

PUGSLEY—Service for the late Mrs. Mary Louise Pugsley was held yesterday afternoon at 2 o'clock in the chapel of the B.C. Funeral Co. by the Rev. F. A. P. Chadwick. There was a large attendance of friends, and many beautiful floral tributes covered the casket and hearse. The hymn sung was "Abide With Me." The following gentlemen acted as pallbearers: Messrs. D. S. Spencer, C. K. Courtney, J. W. Meldrum, J. A. Worthington, A. E. Collis and R. W. Knowles. The remains were laid to rest at Ross Bay Cemetery.

ABANDON IDEA OF PARADE OF LODGES

Celebration Committee Hears Societies Have Too Few Uniforms for Procession Purposes

Lodges and fraternal societies will probably not participate in the parade arranged for the afternoon of Sunday, May 24, as a result of a conference last night between members of the various fraternal organizations and the Victoria Day celebration executive committee.

The discussion made it clear that too few of the local lodges are in possession of uniforms and regalia to enhance the spectacular character of the contemplated parade.

As a result of the discussion, the executive committee will recommend to the board of directors of the Victoria Day celebration organization that the idea of asking lodges to participate in the parade be abandoned. Some other feature will probably be substituted by the committee in charge of the parade.

In one year on two divisions of a railway, 44 electrics displaced 121 steam locomotives.

Boy Suffocated

BRANTFORD, Ont., April 3.—Alfred Matthews, five-year-old son of E. Matthews, was suffocated in a fire at his home early this morning. The lad was taken from his bedroom by his older sister, but, frightened, broke away and plunged back into his own room.

Signs May Be Taboo

VANCOUVER, April 3.—"Going out of business" signs will be taboo in the city if a recommendation by Mayor L. D. Taylor is approved by the building committee today.

"Have you a

"Twenty Pay Life Policy?"

A Policy on your life will do much towards carrying out your intentions—whether you live or die.

Nothing can absolutely replace your life—but a policy will in some measure offset the financial loss which will come to those who now look to you for support.

It may pay off the mortgage, supply food and clothing for your family, keep the children at school.

It may be all that is left of your life work—to keep you in comfort in your old age.

But—your Policy must be large enough.

The Twenty Payment Life

policy is selected by many for the following reasons:

Premiums cease in twenty years—therefore your policy will be fully paid for before you reach later life—when your earning power will have declined.

Cash values increase year by year, and after the third annual premium the policy cannot lapse as long as sufficient value exists.

Dividends are paid during the twenty years and as long as the policy remains in force thereafter.

After two years the policy is indisputable, and you may reside or travel in any part of the world, or engage in any occupation (except aviation) without affecting your insurance.

A twenty pay life policy will provide an amount in event of death equal to twenty or thirty times the annual premium, and produce an estate of $2,000, $5,000, $10,000, or more as arranged.

An Easy Savings Plan

These active progressive years of life in which you are earning the most money are the years in which premiums can be most easily met.

Twenty years is a convenient period and premiums spread over that length of time are moderate and easy to handle.

If You Are Insurable

—do not delay decision on this important matter—delays are dangerous.

Y. W. C. A. Meeting Changed—Next week the regular monthly meeting of the board of directors of the Y. W. C. A. will be held Thursday at 2:30 instead of Friday.

China Inland Mission—Rev. Charles Thomson will address the monthly meeting of the China Inland Mission at the Y. M. C. A. on Tuesday, April 7, at 8 p.m.

Florence Nightingale Chapter—Members of the Florence Nightingale Chapter, I.O.D.E., will meet next Monday at the residence of the regent, Mrs. Catteral, 1016 Linden Avenue, at 3 p.m.

Seed Books Ready — Instruction handbooks and supplies of seeds may now be obtained at the Rotary Club office, 1005 Broad Street, by all who have filled in and returned entry forms in the Rotary seed and citizenship contest.

Jewish Cemetery—At the request of the president of the Jewish Synagogue the City Council instructed the City Engineer to clear brush and rubbish from the road outside the Jewish Cemetery. It is the intention of the synagogue congregation to beautify the cemetery.

Ask Road Repairs—The Jubilee Hospital directors asked the public works committee of the City Council yesterday afternoon to effect repairs to Richmond Avenue between Fort and Bay Streets. The Council referred the request to City Engineer Preston for report.

Oakland Parent-Teachers — The monthly meeting of the Oakland Parent-Teachers' Association will be held in the Oakland School on Monday, April 6, at 3 o'clock. Business of general importance will be discussed, and everyone is cordially invited to atend.

Managing Vancouver Company—General R. P. Clark, who has retired as president of the Victoria Stock Exchange, continues his connection with the stockbroking firm of R. P. Clark & Company, of this city, though since July last he has been managing the R. P. Clark Company, Vancouver.

Esquimalt I. O. D. E.—Owing to unforseen circumstances the regular monthly meeting of the Esquimalt Chapter, I. O. D. E., has been cancelled, and the next meeting will take place at "Mount Adelaide," the residence of Mrs. Henry Croft, on May 3.

Telephone Matters—Mr. F. C. Patterson, district commercial superintendent, B.C. Telephone Company, received a deputation of three residents of Ward Four, Saanich, yesterday morning, and discussed the question of amendments to the two-number toll system.

A Large Egg—In addition to the fine eggs reported to The Colonist, another claimant to the honors is a Rhode Island hen belonging to Mr. H. Challen, 1703 Chandler Avenue, with an egg measuring 9¼ inches by 6½ inches, circumference measurement.

Knights of Pythias — The regular convention of Far West Victoria Lodge No. 1 was held on Thursday. There was a large class of candidates, which was put through the rank of esquire. The committee in charge of the arrangements for the grand chancellor's official visit to this lodge next Thursday reported that all the arrangements were completed.

Community Centre Dance — The Lake Hill Community Centre will hold a masquerade dance in its hall, Quadra Street, next Wednesday night from 9 to 1. Prizes will be given for the ladies' and gentlemen's best represented advertisement and comic costumes. Pitt's orchestra will supply the music, and refreshments will be served.

Conscientious Objection Forms — Printed forms for people wishing to make statutory declarations of conscientious objection to vaccination will be available free of cost at the City Hall at about 11 o'clock this morning. An official empowered to take such declarations will be in attendance, according to an announcement made at the City Hall yesterday.

To Hold Bazaar—The adult committee of Court Liberty, Juvenile Foresters, held its regular monthly meeting on Wednesday, when it made the final arrangements for the bazaar and home cooking it will hold in Foresters' Hall on April 11, when there will be Easter gifts. Afternoon tea will also be served. The committee also arranged for a return fraternal visit to Courts Excelsior and Canada on Friday, April 24.

Guarantees Expenses—The public works committee of the City Council decided yesterday afternoon to guarantee to defray the expense of a school exhibit at the Home Industries Fair, if it should exceed $100 and be less than $300. If the Fair is a financial success any money the city spends in this connection will be returned. The management of the Fair has agreed to defray the first hundred dollars of expense which the school exhibit will entail.

Giving Operetta — A delightful Dutch operetta, "Jan of Windmill Land," will be presented by the Margaret Jenkins School in the school auditorium on Thursday, April 9. About sixty of the pupils and young people of the district are taking part, and the affair is under the direction of Mrs. Walter Gaskill. This promises to be one of the most successful entertainments produced in the school. Proceeds will be devoted to school funds.

48th Battalion Reunion—Ex-members of the 48th Battalion (3rd Canadian Pioneers) are invited to foregather at the Chamber of Commerce for dinner at 7 o'clock on Friday, April 17. It is expected that there will be an enthusiastic attendance of "old pals" at the function. Professor Spaghetti and Signor Lanino will give a short entertainment in necromancy, it is announced. Tickets may be obtained on or before April 10 from Mr. J. Dirom, Horseshoe Cigar Stand, Government Street.

Another Beryl G. Case—The preliminary hearing of the charge against Paul Strompkins arising out of his connection with the Beryl G. hijacking, is expected to be called here within a few days. Strompkins, who is the main witness for the Crown against the two accused, Owen B. Baker and Harry F. Sowash, charged with the murder of Capt. W. G. Gillis, of the Beryl G., and his son, is held pending his formal preliminary hearing on a lesser charge of complicity in the events connected with the crime. He is represented by Mr. Stuart Henderson.

Welcome Club Formed—The members of the Y. W. C. A. Bible Class met in the Y. W. C. A. yesterday afternoon for the purpose of organizing what will be known as the Welcome Club for the girls on Thursday evenings. Mrs. Bishop, general secretary, assisted the girls in organizing this club, which will welcome new members. Supper is served at 6 o'clock. The following officers were elected: Honorary president, Mrs. C. Bishop, general secretary; president, Miss Major; vice-president, Miss Hooper; secretary, Miss Rose Bottell; treasurer, Mrs Tyndell; leader, Mrs. Frank Adams.

Knights of Khorassan, which left Tuesday to pay a visit to Port Angeles, Wash., visited the Olympic Club, D.O.K.K., which is an adjunct to the temple, and state there will be another class of tyros for the coming ceremonial, which will be held in Victoria next May, also that the reception given the visiting brothers from this city was excellent, the members of this dokey club, together with the assistance of the members of Victoria contingent, staged a street parade. During the afternoon the Port Angeles brothers entertained the visitors to a sixty-mile auto drive to the lakes. After an attractive concert by local talent, dancing concluded the entertainment until the early hours of the morning. Refreshments were served during the evening. The committee in charge of the grand masquerade dance, which will be held on Thursday, April 23, reported that arrangements are going ahead satisfactorily, and that special features will be on hand on this occasion. Prizes for best costumes will be given. This will be staged under the auspices of the D.O.K.K. Temple here.

Rand Gold Production For Year $190,000,000

WASHINGTON, April 3.—South Africa, which for many years has been responsible for half the world's gold production, set a new output record during 1924. Commerce department figures put the total production for the year at 9,597,534 ounces, which compares with a previous high record made in 1916, of 9,373,736 ounces. The value of the 1924 production was in excess of $190,000,000 and represented three-fifths of the world's total for the year.

One of the South African producing mines is now the deepest in the world, ore being taken from a level of 7,000 feet below the surface.

ORCHESTRA MAKES GREAT PROGRESS

BIG PROMISE REVEALED IN CONCERT AT HIGH SCHOOL

Musicians Show Magnificent Ambition—Youthful Pianiste Delights Audience

In its playing last night at the High School the Victoria Orchestral Society revealed a magnificent aspiration. An increasingly large group of local musicians and lovers of music is watching with keen interest the work of this still young musical combination, and what they heard last evening is distinctly inspiring. Mr. Wilfred A. Willett, the conductor, put both enthusiasm and authority into his work, and one noted with pleasure how closely he commanded the attention of the instrumentalists and held them under control. He very obviously has an intimate knowledge of the mechanical part of music, understands the various instruments, and knows how to go after his effects. Everything bore the marks of close analysis, and whatever reservations the listener might make in his praise it was always with the lively sense that merely time and experience stood in the way of magnificent fulfillment. The future is big with promise. But the public must stand behind the organization and give it support in fact as well as in intention.

The orchestral numbers were not by any means trifling. While the strings are, as usual, the strongest part of the combination, the listener was constantly surprised with the admirable work done by the relatively small number of wind instruments. These were particularly conspicuous, in the best sense, in the pastoral dance of Edward German. There were passages of really stirring beauty in this as well as in the allegro and finale of the Haydn Symphony in G; the gnomish Yakaclia Dance of Bergee, and the spirited and rhythmic "Merrymakers' Dances" of Ed. German. The legato is vastly improved. The strings were given a separate opportunity of showing their facility in this mode in the group of three compositions, two by McDowell, one by Reinecke, which while not sufficiently differentiated as to style, were charmingly played.

The climaxes were always boldly treated, and there was very pleasing light and shade.

Youthful Pianist

In Miss Trudie Green, daughter of the Orchestral Society's president, Mrs. Gertrude Huntley Green, the audience listened to one of the youngest solo pianistes who has ever appeared on a programme of such dimension here. A pupil of Miss Young, this young player took her place at the piano without a trace of embarrassment, while the audience accorded her long applause. She was just as self-possessed and composed during her playing of the classical Beethoven Allegro non troppo and the Paderewski Menuett. Her style and technique are very charming, her touch delicate, sure and clean, her interpretation simple and straightforward, her rhythm well marked, her tone unusually big for so young a player, and the complete absence of fuss or affectation a definite attraction both in her playing and her manner. She was given an encore, and left the piano with her arms filled with flowers.

An Old Favorite

Mrs. Harry Briggs is an old favorite with local audiences. She was in exceptionally fine voice last evening, and brought warm musical feeling, dramatic values, and brilliant vocal tone to the four numbers which she had on the programme. "For a Dream's Sake" was given with dignity and poise; the difficult "Song of the Robin Woman," (Cadman) with dramatic fervor; and she greatly impressed her audience with the two orchestrally accompanied numbers in Part Two, Handel's "Largo" and Russell's "Vale." The last was repeated in response to an enthusiastic recall.

Mr. Drury Pryce received quite an ovation. He has certainly never played with more sensitive imagination or technique than on this occasion, choosing as his numbers the beautiful "Preisleid" from "Meistersinger" and the Mozart "Rondo" as arranged by Kreisler. The numbers were excellently contrasted, and their distinction was strikingly emphasised.

Mrs. Clifford Warn, who filled the role of accompanist, acquitted herself with distinction in a programme which made big demands on her abilities as pianist.

An Eastern factory turns out 30,000 rolls a day for player pianos.

Expert Sees Radium As Cure for Cancer

LONDON, April 3.—"We are definitely arresting cancer for periods of three, five and seven years among people who have been pronounced incurable by competent surgical authorities," declared Sir William Milligan, secretary of the Manchester Radium Institute. The present policy was to use the knife, but he foresaw the time when with improved technique, a radium treatment would supersede surgery.

COLUMBIA THEATRE "The Mask of Lopez," a Harry J. Brown production, in which Fred Thomson, who held the world's all around championship for three years, appears, will be shown at the Columbia Theatre today for the last time.

DOMINION THEATRE Thomas Meighan's latest Paramount starring picture, "Coming Through," adapted to the screen from the novel, "Red Rock," by Jack Bethea, is showing at the Dominion Theatre all this week. The story is a romance of the Alabama coal mines and features Lila Lee opposite the star, with Wallace Beery, Laurance Wheat and others at the head of a strong supporting cast. "Coming Through" marks Miss Lee's—pardon, Mrs. James Kirkwood's—return to the screen after a year's absence.

PLAYHOUSE THEATRE Frank Morton and his company will offer for the last times today, "So This Is Marriage," which has been playing to appreciative audiences at the Playhouse all this week. The bill is a delightful combination of singing, dancing, music and comedy with attractive settings and lighting effects. In addition to "So This Is Marriage," Douglas MacLean is featured in "The Sunshine Trail," a romantic comedy in which the popular young star is at his best.

CAPITOL THEATRE A First National Pictures outfit, headed by Milton Sills and Viola Dana, was on location at Santa Catalina Island, off Los Angeles, filming scenes for "As Man Desires," now showing at the Capitol Theatre. Earl Hudson, supervisor of productions for First National, was in his Hollywood office. Enter a messenger boy. Boy—Mr. Sills wants another gallon of milk. Hudson—What! Another? How many have we sent him? Boy—A gallon every day, sir, for a week. Hudson (after making a lightning calculation of the cost of sending a gallon of milk daily from Hollywood to Catalina)—Send him a cow. The cow was sent. Sills drinks a gallon of milk daily, regardless of where he is working.

ROMANTIC HIGHWAY ROBBER'S "SMITHY" SHOP IS DESTROYED

Cables from England convey the interesting fact that the historic "smithy" near Eltham, Woolwich, in which England's romantic highway robber, Dick Turpin, used to have his beautiful black mare, Black Bess, shod while he regaled himself with a tankard of "nut brown ale" in a near-by tavern, has just been torn down.

For 175 years this historic and quaint old farriers' shop was sought out by tourists who wished to see a spot that had been visited by the dashing highwaymen of the York and Epping roads. The ancient tavern is still standing.

Those who failed to see the original "smithy" will be privileged to see it in meticulous reproduction if they will carefully note the date of the coming appearance at the Capitol Theatre of Tom Mix as the colorful young bandit, for the dashing cowboy king doffed the "chaps" and sombrero of the cowboy and donned the gay attire of a London dandy in his latest picture, "Dick Turpin." The completed work shows Mix in the most dashing and brilliant role of his career. The picture will open its run here Monday.

In the cast of "Dick Turpin" are Kathleen Myers, Alan Hale, Philo McCullough, James Marcus and Bull Montana.

DOMINION SECURES RETURN OF HOWARD WITH FAMOUS BAND

It will be welcome news to Victorians to hear that the management of the Dominion Theatre has prevailed upon "Tex" Howard to bring his famous American band to Victoria again next week, for a return engagement.

Owing to the tremendous crowds attending the premier engagement a week ago, several were unable to get in to hear this wonderful aggregation.

"Tex" and his merry musicians will play an entirely new programme this time, which promises to excel the previous one.

Lovers of tuneful melodies, such as "Tex" plays, should make every effort to hear the band on this engagement.

The band will play three times daily, once in the afternoon, and twice in the evening. On the same bill will be "The Top of the World," Ethel M. Dell's popular novel.

ZEEBRUGGE PICTURE ENJOYED IN LONDON BY KING AND QUEEN

The King and Queen recently spent their first evening in a picture palace. For several years past the Royal Family has interested itself in the movies, and command performances have been given at Balmoral and elsewhere in private rooms specially fitted up for the occasion with a small screen, a portable projector and an orchestra composed of a piano and a few strings. The Prince of Wales has sponsored the British cinema as patron, star and spectator, in one.

A film reproduction of the attack on Zeebrugge in 1918, made with great care and vigor by a British company and fully approved by the Admiralty, was the core of the entertainment, and there followed an animated cartoon of Bonzo, the study dog, and a number of scenes of the arrival of the King and Queen at the theatre just one hour and thirty minutes earlier.

This picture will be shown for seven days, commencing Good Friday, April 10, at the Royal Theatre. It will be introduced by Commander Rowland Bourke, V. C., D. S. O., R. N. R., who won his distinctions in this action. His D. S. O. was awarded for rescuing thirty-eight officers and men from H. M. S. Brilliant during the operation of sinking three cruisers at Zeebrugge on April 23, 1918. When the Vindictive was sunk at Ostend on May 10 Commander Bourke took his motor launch several times into the harbor and, although hit many times, once by a six-inch shell, he succeeded in rescuing many officers and men, including Lieutenant Sir John Alleyne, D. S. C. R. N.

SCHUMANN CARNIVAL ON TODAY'S RECITAL

Mme. Germaine Schnitzer, in Response to Request, Makes Slight Change on Afternoon's Programme

A slight change, but one of very great interest, has been made in the programme which Madame Germaine Schnitzer is to play this afternoon at the Empress Hotel. In response to a pressing request she has arranged to substitute Schumann's "Carnival" for Schubert's "Der Wanderer," which was originally placed on the programme. The Schumann "Carnival" is one of the rarely performed works of the great composer, and there is no doubt that the change will be very popular in Victoria, where the composition has not been heard in its entirety for years.

The entire programme for this afternoon, commencing at 2:30 sharp, is as follows: Thirty-two variations on Theme in C minor, Op. 12, No. 7 (Beethoven); Schumann's "Carnival"; pastorale, Variee (Mozart); "Piece Characteristique," Op. 7, No. 1 (Mendelssohn); "The Prophet Bird," Op. 82, No. 7 (Schumann); Etude (Chopin)); Berceuse, D flat major, Op. 57 (Chopin); Perpetuum Mobile, Op. 24 (Weber); Capriccio, Op. 76 (Brahms); Venezia Napoli, No. 1, Gondoliera (Liszt).

This parade is being held preparatory to the performances to be given by the Minstrels in the Royal Victoria Theatre on Monday and Tuesday next, and, as on former occasions, will undoubtedly create much interest.

Starting from the Royal Victoria Theatre at 2:30 p.m. sharp, and headed by the Shrine Band in their picturesque uniforms, the procession will follow a route which will embrace the principal thoroughfares in the downtown section. Those members of the Kiwanis Club who are not taking an active part in the Minstrel Show will line up behind the Minstrels and are expected to wear straw hats and to carry canes.

The demand for tickets for the Minstrel Show gives every indication that the theatre will be filled to capacity both nights.

Tickets can be obtained from members of the Victoria Kiwanis Club.

SCHNITZER RECITAL TAKING PLACE TODAY AT EMPRESS HOTEL

Judging from the continued reports of California papers, those who will be present this afternoon at the pianoforte recital to be given by Germaine Schnitzer in the Empress Hotel ballroom will be afforded a very great musical treat. At the recent Symphony Orchestra concert in Los Angeles, in which Mme. Schnitzer played the Tchaikowsky's piano concerto, when hundreds were unable to obtain admission, it was stated that "the brilliant pianist played the difficult concerto—indeed technically it makes more demands than almost any other—with a completeness of musicianship that one finds only occasionally, and when the performance was finished it left one with an immensely satisfied feeling—a sort of mental serenity one has when viewing something which has been extremely well done."

The recital will commence at 2:30 prompt, so that Mme. Schnitzer can leave on the afternoon boat for Seattle and Portland, where she has important return engagements. The sale of tickets will commence at the door of the ballroom at 1:30 o'clock.

CONTRACTOR WINS UPLANDS HOME CASE

P. McKechnie Secures Judgment for $384.94 in County Court Against the Misses Shaw

A judgment rendering the Misses Shaw liable for $384.94, claimed by P. McKechnie as still due for work on the defendants' home at Uplands, was handed down in County Court yesterday by Judge Lampman.

The action, heard some weeks ago, arose in connection with the construction of a new home for the Misses Shaw. When the original contractor was unable to complete the contract, the plaintiff was called into consultation, and subsequently given a contract to finish the house.

The defendants later objected to paying Mr. McKechnie's bill as presented, on the ground that the work of the second contractor was "not in keeping with the old contract."

In the course of his judgment, His Honor found: "That the defendants are unreasonably hard to please. The new work done by the plaintiff conforms to that which had already been done, and the only item in dispute which gives me much concern is the furnace."

His Honor said on this point: "If the defendants had expected another size of furnace to be installed, I would have expected them to have said something about it while the work was being done. They were not backward about other complaints, and they were living in the house at the time, and when the workmen first left the job on its completion, they were then satisfied."

Mlle. Mannequin Shows the Latest Mode in Juvenalia

Children's Fashion Show at Capitol Theatre, Staged by Two of City's Merchants, Is Gay With Youthful Exponents of How and What to Wear—Pupils of Miss Michaelis Are Apt Models—Graceful Carriage and Posing Wins Applause

Mothers' beautiful clothes! The happy little girl of today need not sigh because her clothes are never quite as smart as those of grown-up people. Perhaps because of this the little girl of today will not be in such a hurry to grow up as her mother was.

For has not Lady Fashion thought of every single thing to delight one's heart? Sure testimony of this was given last night at the Juvenile Fashion Show presented at the Capitol Theatre by Angus Campbell & Co.

The clothes worn by the youthful mannequins were not made specially for the occasion, but selected from the regular stock in the juvenile department of the Campbell store.

The little models themselves were pupils of Miss Lillian Michaelis, and the excellence of her training was evident in the unconscious grace and spontaneity of her charges.

Bursts From Tulip

Announced by Mrs. Goddard, who wore a gorgeous coat of vari-colored metallic embroidery, the children appeared one by one through curtains of an archway at the back of the colorfully decorated stage, walked slowly down the black carpeted steps and circled the stage.

First to make an appearance was diminutive Gwendolyn MacDonald, who burst forth from a gigantic paper tulip at the top of the stairs and toddled down to the stage like a small white chick, where she danced on tip-toes and seemed most intent upon examining her own shadow.

Her short frock of white was muslin frills from shoulder to hem.

Next came the older children, showing frocks for playtime or beach wear. Little Gwendolyn appeared again, in rompers and with pail and spade, but the fact that her feet were bare seemed to make her dubious about coming downstairs.

For Girl or Boy

Among the linen dresses for more dressy wear was a little blue dress with white pockets and small black bows. Suitable for either tiny boy or tiny girl was a little violet colored tunic showing the knickers underneath.

The party dresses left nothing to be desired. There was a tea-colored frock with baskets of flowers all about it; one in crepe de Chine of a green as soft as Spring leaves, with the fashionable flare at the hem, and one for a tiny girl of baby blue taffeta, worn with a white bonnet.

The coats for cool evenings were exact miniatures of older people's coats, but so simple as to take away nothing of childish sweetness. One of a sort of Teddy bear cloth would endear itself to anyone's heart, because of its cuddly quality.

In Love With School

The school frocks would make even the least studious person in love with school. Tripping down the stairs with her arms filled with school books, the first little mannequin allowed the audience to admire her fawn frock with the high collar and the bright black and golden braid making a vest effect in the front.

Another of green and fawn striped material had the new stiff and shiny collars and cuffs in green.

There was another group of dainty "Sunday best" dresses, which showed the possibilities of fur trimmings, and was followed by a show of the most audacious imitation of mother's wardrobe, the juvenile ensemble suits.

These were in every color, but greens and light browns were predominant.

Scientific Shoes

One for a girl of fourteen showed the full-length costume in green and light brown silk, but the younger children wore hip-length coats of a more youthful character.

The shoes for the display were supplied by Mr. Maynard, and followed the newest scientific principles, laid out in the Taplin theory of shoe fitting, which supplies the necessary space in every shoe for every growing toe.

Packard Boudoir bedroom slippers, La Parisian shoes and children's nature tread shoes in all colors were among the most novel.

In between the appearance of the groups, Mrs. Goddard displayed some beautiful coats and smart dresses for afternoon wear.

Sleepy Time

Even when the world is sleeping clothes must play their part. The young mannequins appeared for the last time, looking most cosily sleepy in pajamas of every pretty shade.

The little leading lady appeared in miniature mauve pajamas, looking like a small Chinese and carrying her huge kewpie in her arms. But Kewpie had forgotten his pajamas!

Then the lights went low, leaving only the torches carried by the kiddies to light the stage, and while the orchestra played a soft lullaby tune, the curtain slowly fell.

The names of the little mannequins are: Misses Gwendolyn MacDonald, Gertrude Partridge, Julia Meighan, Hilda Bird, Kathleen Burtt and Margery Aitken.

The performance will be repeated at the Capitol Theatre tonight between shows.

Viewing New Models Is Thing Paris Does Well

New York Attempts Something of the Sort, Too, but Has No Flair for Real French Art of It—Lady Duff-Gordon's Old Shop and Two Beauties Among the Mannequins—Reserved Seats at Spring Fashion Shows and How Staging Is Done

By JULIA HOYT

(Copyright, 1925, in U.S. and Canada by North American Newspaper Alliance. All rights reserved.)

NEW YORK, April 3.—In Paris every important dressmaking establishment has a formal opening at which their Spring and Autumn collection is shown. It is a regular entertainment at which tea is often served and no business is done. You are given a list, all the dresses being named, and you are supposed to mark those you prefer and return another day to look at them again and make your choice.

In New York most of the large places sell imported models which arrive at different times, consequently such definite openings are impossible. If you are a regular customer, you are notified when their Callot or Worth or Paquin models have arrived, and you go in to look at them any time thereafter. It is not as entertaining as the French method.

Fat Mannequins Wanted

There used to be two places in New York that, because they designed their own models, were able to and always did follow the French method. One was then owned by Lady Duff-Gordon, who made all her own models. It used to be a pleasure to go there, particularly as she had two great beauties among her mannequins. One was Dolores, who afterwards became the famous Follies beauty; the other was a lovely English girl named Hebe. It was a real joy to go and watch them walk gracefully down from the little stage, looking ravishingly beautiful in the new creations.

It always seems unfair not to have at least one short fat mannequin. Some people seem to entirely forget that a dress which looks lovely on a beautifully proportioned mannequin will not look quite the same on them. I used to suffer with the saleswomen at watching some of the sales they—against their wills—were forced to make.

To Soft Music

Today I know of only one establishment that has this pleasant way of showing its new models. At this opening one even has reserved seats, and it is unwise to go there without having reserved one, for it is a very popular opening. The establishment is in a charming private house, and the little stage is on the second floor at the end of the hall, in which seats are placed, and also in the room opening off from it.

The showing is beautifully managed, starting at a definite hour and running without a hitch. There are so many mannequins that there are no pauses; as one girl walks off the stage the next one walks on. The dresses are named and numbered on your programme, and as the girl steps down from the stage she tells the number, so that you may mark it on your programme if it appeals to you. An added touch at this showing, and one which I am sure helps the girls to walk well though slowly (a very difficult thing to do), is soft music from downstairs. If one enjoys looking at clothes, beautifully and quietly shown on charming girls, irrespective of whether or not one can buy many or any, it is a delightful way to spend part of an afternoon.

TAN WOOL CREPE IS SIMPLY TRIMMED WITH ECRU BATISTE

Wool crepe in a charming shade of soft tan is used for the youthful little frock shown here. This particular model was made for an ingenue in one of the new plays and it expresses the youthfulness of the part.

The only trimming is of the finest ecru batiste, daintily embroidered. Inset bands top the gathers at either side, and the strings extend around to the back, where they tie in a jaunty bow.

The Spring season is bringing in a decided vogue for the daintiest possible collars and cuffs. These may be made of organdie, fine linen or batiste.

WEDDINGS

Jaynes-Foxgord

In the presence of the immediate friends of the bride and groom, the marriage was quietly celebrated on Thursday afternoon by the Rev. Clem Davies at his residence, of Miss Bertha Foxgord, only daughter of Mr. and Mrs. Foxgord, Gladstone Avenue, and Mr. Victor Percy Jaynes, 1336 Woodlands Road. The bride was attended by Miss Myrtle Jaynes, while the groom was supported by Mr. Henry Jaynes. After a wedding breakfast at the home of the groom, the bride and groom left for Seattle, where the honeymoon will be spent.

WOMEN'S INSTITUTE OF GORDON HEAD MEETS

The regular monthly meeting of the Gordon Head Women's Institute was held in the hall on Thursday afternoon, the president presiding. The principal items of business transacted were the endorsing of two resolutions, one from Central Park Women's Institute and one from Victoria Women's Institute, regarding the crippled children's fund. These resolutions asked for support for the delay of incorporation until the matter had received endorsation of the Provincial board of directors and the district board of directors. The Gordon Head Women's Institute went on record as approving the establishment of a solarium for crippled children on Vancouver Island. Mrs. F. Campbell addressed the meeting on the crippled children's fund and various matters of interest to Island institutes, and proved so interesting that another address will be arranged for later on.

Final arrangements were made for the growing of potatoes by the members for the potato fair to be held this Fall. Mrs. Mitchell and Mrs. McCormick were hostesses for the afternoon. In the report made of the silver tea held recently in the hall for the benefit of the Saanich Memorial Health Centre the gift of the baby daffodils by Mrs. Tucker was appreciated, also the names of Miss A. Somers and Mrs. Simpson, who kindly gave and helped with the refreshments. The final card party of the Winter series was held on March 24. A fair number was in attendance and an enjoyable evening was spent. The first prizes went to Miss M. Holmes and Mr. Disher, consolation to Mrs. Townsend and W. Gally. The ten bid was won by Mrs. Fielding and Mr. W. Richards.

OXO Feeds the Family's Needs

The family needs good food—especially young children. OXO food *is* good food, because OXO is the concentrated nourishment and goodness of prime lean beef in the most assimilable form.

Add OXO to your meat-dishes—soups, stews, hash, croquettes,—and see how much better they taste,—and how the children will enjoy them!

Give the children a cup of hot OXO, too, when they come home from school. OXO warms and strengthens as well as feeds.

Anaemic—Nervous

The anaemic child is in no condition to stand the mental and nervous strain of school work and examinations, along with the enormous burden which physiological changes put upon the system at this time of life.

The importance of good, robust health during this critical period cannot be sufficiently emphasized. It may mean the difference between invalidism and health throughout a lifetime.

Fortunately this condition responds promptly to restorative treatment and the results obtained by the use of Dr. Chase's Nerve Food have proven beyond doubt its suitability in such cases.

Mrs. Archie Martelle, Cornwall, Ont., writes:—

"My daughter, while attending school, was sick for two years, and had to be kept home. She had nervous trouble, and was under the doctor's care, but he did not seem to do her much good. She was very thin, restless, and hardly ate anything. Her complexion became sallow. I began giving her Dr. Chase's Nerve Food, and it did her the world of good. Her improvement was gradual, but it was not very long before she was quite herself again. I cannot recommend this treatment too highly."

GIRL GUIDES OF CHEMAINUS ACTIVE

CHEMAINUS, April 3.—The First Chemainus Girl Guides, under the leadership of their captain, Mrs. C. D. B. Ross, and Mrs. H. H. Rogers and Miss Grace McInnis, lieutenants, are holding their usual weekly meetings, and during the past month the cook's badge and domestic science badge have been successfully won by the following girls:

Cook's badge: Patrol Leader Enid Fraser; second, Violet Porter, Kathleen Porter, of the Lily of the Valley patrol.

Domestic Science: Patrol Leader Evelyn Toynbee of the Violet patrol; Patrol Leader Enid Fraser; second, Violet Porter, Kathleen Porter and Coralie Fraser, all of the Lily of the Valley patrol.

Mrs. H. B. Rogers very kindly placed her kitchen at the disposal of the girls who were trying for the cook's badge. They cooked a most excellent dinner, which was judged by Mrs. Robinson. Mrs. Rogers later entertained all the guides to dinner.

Domestic science was judged by Mrs. B. Eyton Sparling and Miss Dwyer and Miss Dykes, the girls cleaning out the parish room and also the cottage where Miss Dykes and Miss Dwyer "batch."

The Wolf Cubs are again going strong. Mr. Erskine, a new resident of Chemainus, has taken them over and has a pack of eighteen, who meet every Friday evening in the parish room, where a programme for the following afternoon is drawn up. The usual exercises and tests are gone through. Saturday afternoon the boys, under their sixers, set out on tramps, paper-chasing, nature study, etc. One afternoon they started off armed with sacks and pointed sticks to clean the streets of paper and refuse, and in a very short time had collected seven sacks full. This surely ought to be a lesson to the residents of Chemainus not to scatter their wastepaper and rubbish along the roads.

There is a great shortage of houses in the town at present, every shed and cottage being filled. Several white families have had to rent houses in Chinatown. Quite a number of people are building for themselves. Mr. M. Caswell has disposed of several lots fronting on the E. & N. Railway track.

The Golden Hour

By MAY WYNNE
(Author of "Henry of Navarre," "A Maid of Brittany," Etc.)

CHAPTER XXVII

"Well?" said Maundleton coming forward without any previous greeting. "What are you going to tell me? One moment, little girl, think before you speak. If you refuse my offer you will be doing wrong. Wrong to the dead as well as to yourself. Don't you understand that? And I love you."

Is a woman ever deceived? Clever man though he was, Maundleton could not throw the right intonation into those last words. The listener knew he lied and all the old suspicions awoke to harass her once more.

She drew back.

"But I don't love you," she cried, "how can I do as you ask? I don't love you."

"If you do not do as I ask, what are you to do? You are alone in the world."

Peggie shook her head. "I can work. I would do anything. Only—"

"Your mother's voice echoes in your heart. I tell you, Peggie, it is your duty. And you will not repent. Judge of my love by the sacrifice I am making."

"Sacrifice?"

He was silent, leaving it to her to review relative positions as he had explained them yesterday. Peggie was doing so. Instinct warned her that she was in danger of being duped, that this confessed love was a mockery. Facts pointed to her cousin's suggestion that to marry him was her duty, besides being the only course she could pursue. But sentiment stirred by the sight of a lonely grave was not quite so strong this morning. She thought more of herself than the dead who were only a name. Would it not be better to be alone than live with a man she still feared?

"I will wait," she said, "till I have spoken to Pere Meriat. He is old, he must have had experience. I will be entirely guided by his advice. Please will you go away now? Come back—this afternoon and I will give you a definite answer."

Maundleton still smiled, but there was something sinister about the twist of his lips.

"Very well," he agreed, "I will have patience, bu do not try me too far. When a man is in love he sometimes tries desperate measures—even threats. I do not wish to threaten you. Only I must tell you that you will find some ugly problems facing you if you refuse all I offer you. You have lost your other friends. You may be sorry if you lose the help I bring."

"I will do what the priest advises," repeated Paggie. She had spirit and it was roused by the covert threat of his last words. She knew he was trying to frighten her by mysterious hints. Yet, search as she might, she could find no reason for her cousin to wish to marry her unless—

Maundleton turned away. He surely had this bird safely. She would soon be fluttering into his grasp and he would know how to hold her securely. It would not do to risk the loss of Manis Castle and £10,000 a year.

Pere Meriat arrived soon after breakfast to see his guests. He was the soul of courtesy, and knew Mademoiselle Cecile wanted to visit a host of friends—in fact, every inhabitant of Chatillat! He would not have come near to intrude had he not been curious about the stranger. He found the old woman and the young seated in the wide window seat of the dining-room talking. Mademoiselle Cecile beamed on him.

"Pere," she said, "here is a stray lamb who needs advice. Will you give it to her? I am going to the village. I shall have a busy morning. I shall leave the stray lamb to you."

Pere Meriat looked into the beautiful face of his second guest and sighed. He felt this lamb needed indeed the shelter of a fold.

Peggie did not find it difficult to talk today as she sat opposite the old priest in his little study. She found infinite relief in the pouring out of her tale. It took quite a long time and her listener never once interrupted. After the conclusion of the story he sat quite still thinking. Some people fancy priests have no feelings like others. They imagine that being so occupied by religion they have no knowledge of human passions. That is a great mistake. Pere Meriat had had a great experience long before he was a priest at all, and the experience made it easy to know just what advice to give now. He was only waiting to put it into words.

"My child," he said presently, "yours is a very sad tale. I grieve for you, so young, so helpless. Yet you should not be pussled in this case. There should only be one motive in surrendering your life to the keeping of another. Expediency, advantage, even a supposed duty, do not count. It never can be the duty of a woman to marry a man she does not love. Love is essential. If you do not love, do not marry. Any hardship, any suffering is preferable to a loveless marriage. I am quite sure I am right. I am an old man and I have stood apart watching many lives. It is the loveless lives that make shipwreck. Love to God is first, love to each other is second. Love is the best, the greatest. In fact, the only real good thing in life. You would be quite wrong to marry this man. Your parents would tell you the same thing. It would be safer for you to dig in the fields for your daily bread than give yourself to a loveless marriage. If this man really loved you he would not ask it."

Peggie's eyes brightened. She was now quite convinced. It was just as if a great weight had been lifted from her heart.

"Thank you, thank you," she whispered, "every word you say, father, echoes in my heart. But I had become bewildered, knowing so little of life and having no adviser."

Pere Meriat rested his hand on her bent head for a moment, then he rose.

"You must stay here with Mademoiselle Cecile," he said, "her heart is of gold, she will help us. We shall have to find some place for your future and in the meantime I am here. If you need advice or guidance I shall be very glad. If this gentleman who is here wishes to speak to me I will speak to him. You need not be afraid, my child. You need not be afraid, my child."

Peggie did understand, and her gratitude was as great as her relief. She was no longer quite alone, and if her cousin's threats became more definite she had someone to come to—a protector.

Pere Meriat was a busy man, when he had gone, walking as briskly as one twenty years his junior, Peggie found herself alone, since Mademoiselle Cecile had started on her round of visits. It was a lovely day and Peggie decided to go once more to see her mother's grave. She would not feel so desolate as yesterday. Yet as she walked along she could not help thinking of the news her cousin had brought. Tony was married. Why had he not let her know? Why had he not told her it would be impossible for him to help her?

No answer to these questions. Tony Grasleigh had gone out of her life.

And meantime what of Tony himself? Life histories over and over again hang in the balances to be swayed by the lightest trifle. In this case the trifle which answered for the destinies of three lives was the conscience of Tam McBryne.

Jean had soon made up her mind what was her duty to do as soon as the sick lad made his confession.

The new laird had some deep purpose in his trickery and bribery. What had been the object of his lie? The discovery of an address! Jean was furious at having been so easily taken in, for she prided herself on her shrewdness. But, as she said, who can be upaidas wi' a black lee? Having comforted poor Tam she hurried back to the farm and wrote out a telegram to Grasleigh.

"Say what owny like," she thought, "my little leddie is his ain true love, and I for one will na believe he'll be taking anither bride." So she made no bones about asking Tony's help.

Hilton received the telegram the day after he returned home. Ann was not at the Manor on his arrival. He was thankful to discover this. Since his parting with Peggie he had been busy searching out clues. Lord Maundleton's chack had not daunted him, and it was on the strength of a vague hope that he had returned to Rawntree.

His mother's greeting had lacked its usual warmth; she was different and pre-occupied.

"I cannot understand Ann," she told Tony, "she ought to have been back a fortnight ago. But she is still up at Manchester. I am afraid if you are so slack in your wooing you will lose her, or at least seriously offend her. Why do you not go down and find out the reason for her non-return. Ann is not exacting, she has not complained, but I must say she has a right to do so. You are always away and you do not give a satisfactory account of your time."

Hilton flushed. His mother had exactly the same effect on him as Ann had. Their placidity, their calm, their unimpassioned vexation, all contrived to "rub him up the wrong way." They both wanted to rule and order everything. The old squire had yielded to his wife's dominant spirit, his son had too much of his mother in him to be content to do so!

So now, though Mrs. Grasleigh was evidently waiting for explanation and submission, neither came!

Hilton continued to drink his tea and study the pattern of the carpet. He was wondering how on earth he was "going through" with things. If Ann's absence were such a relief to him before marriage what would be her constant society be afterwards? He was remembering, too, the silent comradeship between himself and his father, the confidence in which his mother had no part. She had remained aloof, content with her ruling. Would Ann be the same? And if Ann were not allowed to rule, what then? Hilton left grim. He hated and loathed the idea of friction. Altogether his marriage seemed more impossible a thing than he had deemed it.

"You will go down to Manchester?" questioned his mother.

Tony shook his head.

"I am too busy," he replied shortly.

Mrs. Grasleigh frowned.

"Too busy?" she echoed. "Busy about what?"

Tony pushed back his chair.

"I'm sorry," he replied, "but I cannot answer that question."

The color came to his mother's cheeks. She also rose.

"Is it anything to do with that girl?" she asked, "the granddaughter of that strange old woman, Mrs. Lazyard? I insist on knowing. I have always felt uneasy about that episode. The girl at least was a little adventuress."

Tony's eyes blazed, but he kept his temper.

"You have no right to say that, mother," he replied quietly, "but since you choose to regard a good and unfortunate child so unjustly I cannot bring myself to tell you a story which should fill you with pity and remorse for your cruel judgment."

He would not wait for an answer, but marched out of the room, head erect, anger evinced in every line of his face and figure. His mother, watching him go, realised for the first time that her son was her son as well as his father's, and that she had not the latter's pliable live-and-let-live disposition to deal with. It annoyed and yet—with feminine inconsistency—pleased her, too. She sat down and began to write to Ann. After all, Ann was quite as much to blame as Hilton; she ought to have returned and kept her fiancee in order. The sooner that marriage took place the better.

It never entered Mr. Grasleigh's head that there was a possibility of the wedding never coming off at all. Hilton might be foolish, but he was a gentleman. And his honor was doubly pledged to the woman who had saved him from financial ruin.

ALLEGES ILLEGAL FISHING

DUNCAN, April 3.—A case of fishing with salmon roe was called at the Court House here yesterday before Justices of the Peace E. F. Miller and A. A. B. Herd. The defendant, a Ladysmith resident, failed to put in an appearance, and court was adjourned for one week, when the presence of the defendant will be assured.

This is the second case of this kind to be called within two weeks, and in imposing a light sentence in the last case the court declared that the low fine assessed was not to be taken as a precedent but merely as a warning, and that a subsequent conviction would be very harshly dealt with, as it was the court's intention to see that the practice was ended. The act provides for a maximum fine of $1,000 for this offence.

TO HOLD TYPEWRITING CHAMPIONSHIP TESTS

Mrs. Lillian M. Shore Will Defend Her Title as Fastest Typist in This District

This morning will be held, at the Sprott-Shaw School, 1012 Douglas Street, the typewriting contest for the Canadian championship. The city and district championship will be fought out between twenty-seven candidates.

The contest will consist of fifteen minutes copying from printed matter written by Mr. Fred Jarrett, of Toronto, Canadian contest judge. The number of words is determined on the stroke system—five strokes constituting one word, the method adopted in the last world's typewriting contest. By this method the records in tomorrow's contest may be compared with the above-mentioned contest.

The local judges are Dr. Howard Miller, president, Kiwanis Club; Mr. James Hunter, vice-president, Rotary Club; Mr. H. L. Butteris, president, Gyro Club; Mr. H. P. Johnston, manager, Underwood Typewriter Company, and Mr. A. H. Kerr, manager, Remington Typewriter Company. The seal of the contest papers will be broken in the presence of these five judges at 10:45 o'clock. The examiners are Miss Louise A. de W. Moore, Miss E. A. MacMillan, Sister Mary Lucretia and Miss H. L. Marling.

A limited number of visitors may attend, and should make reservation by 10 o'clock.

The following are the prizes for the winners of the local contest:

Winner of championship class—R. J. Sprott Cup.

Runner-up, championship class—J. H. Beatty Cup.

Winner one-minute championship—Prize, Miss MacMillan.

Winner intermediate class—A. H. Kerr Cup.

Runner-up, intermediate class—Prize, Miss Noonan.

Winner one-minute contest—Prize, Miss Moore.

Winner novice contest—H. P. Johnston Cup.

Runner-up, novice contest—Prize, Mr. J. R. Jones.

Winner one-minute contest—Prize, Miss Marling.

Special prize for accuracy championship, to be computed on a percentage basis and no record less than fifty gross words a minute to be eligible — Presented by St. Ann's Academy.

Sprott-Shaw Students' Cup, open to any student of Sprott-Shaw School who began the study of typewriting within one year of the date of the contest.

The winner of the championship contest holds the Sprott-Shaw Challenge Cup till the naxt contest and is entitled officially to the title of champion typist of the city and district of Victoria. The present holder of the Sprott-Shaw Challenge Cup is Miss Lillian Maas Shore, with a record of 84 words net.

Fashions and Foibles

By Shirley Sharon

BUTTERICK 5943

Sherry and salmon and faded rose were the intoxicating colors of an ensemble costume worn recently by a beautiful Parisienne at the Ritz.

The French dressmakers are using a rather short coat for many of their Spring ensemble costumes because it is more comfortable for warmer weather. With it they use a frock with a long body which may be lighter than the lower part and coat. One well-known house makes such a costume of copper-colored ribbed wool with a body of old ivory flat crepe trimmed with copper buttons, and also in yellow kasha with a body of self-colored silk crepe trimmed with coral colored buttons. Suede, chamois and mustard shades are smart for Spring.

The Misses Margaret and Gertrude Cochran and Iris Goddard, in charge of the candy and flower stall, did a rushing business. A dainty tea was served by the ladies of the guild, and during the afternoon piano solos by Miss Margaret Cochran and Mrs. Barlow and a song by little Miss Eileen McKenzie were much enjoyed.

The committee for the flower show was composed of: Convener, Mrs. A. L. Wilson; Mrs. Philp, Mrs. Harrison and Mrs. Whiting. Mrs. McNaught was convener of the tea committee, aided by Miss Lander, Mrs. Ward and Mrs. C. C. Cochran.

Mr. E. M. Straight, of the Dominion Experimental Station, judged the exhibits.

The closing service of the mission which is being conducted by Bishop Schofield will be held in St. Andrew's Church at 7 p.m. Sunday, April 5. The services which have been held nightly during the past week have been exceptionally well attended.

HOLDS FIVE HUNDRED PARTY AT BRENTWOOD

BRENTWOOD, April 2.—The West Saanich Athletic Association held a militiary five hundred party in the Institute Hall, Brentwood, on Monday evening. Nineteen tables were engaged in play. Those winning prizes were: First, Mr. Ralph Mitchell, Master Gordon Mitchell, Mr. Arnold Bickford and Mr. Bert Bickford; second, Mrs. Burnman, Mrs. Pollard, Mr. Roberts and Mr. Sarup; third, Mr. and Mrs. Sidney Fox and Mr. and Mrs. Alfred Guy; consolation, Miss Doris Mitchell, Miss Edith Bickford, Mr. Fred Mitchell and Mr. Morley Bickford; ladies' high bid, Miss Constance Wright; gentlemen's high bid, Mr. T. Peden.

After cards, supper was served in the dining-room, after which the floor was cleared for dancing which was kept up until about midnight. Music for dancing was supplied by Miss Wright, Miss Styan and Mr. H. Rochon.

The Mount Newton Social Club held its last card party of the season at Mount Newton, on Wednesday evening. There were thirteen tables, and those winning prizes were: First, Miss Gladys Guy, Mrs. Richard Hall, Mr. A. Guy and Mr. H. Rochon; second, Miss Florence Peterson, Miss Edna Butler, Mr. R. Hall and Mr. Walter Littrot; the ladies' prize for the highest score during the season was won by Miss Gladys Guy, and the gentleman's prize for the highest score was won by Mr. Jack Fettes. This closes one of the most successful seasons held by the club.

The Ladies' Guild of St. Stephen's and St. Mary's Churches, met at the home of Mrs. Deighton, "Point Colville," on Wednesday afternoon. There were twenty members present. The minutes of the previous meeting were read by the secretary. The treasurer reported a balance of $49.00. The next meeting which comes in Easter week, has been postponed until the following week, which will be Wednesday, April 22, and will be held at the home of Mrs. A. Guy, Clarke Avenue, Brentwood.

TALKS UPON SOILS AND CROP CONDITIONS

Assistant Ogronomist Speaks at Shawnigan Lake on Fertilizers to Farmers' Institute

SHAWNIGAN LAKE, April 3.—An interested audience, which included several ladies, heard Mr. J. B. Munro, assistant agronomist, Department of Agriculture, in the hall last night, at one of a series of supplementary meetings arranged by the Shawnigan Farmers' Institute.

Mr. Munro spoke on the subject of soils and crops. He dealt with the preparation of the soil, and the fact that the peculiarity of British Columbia's climate, a dry Summer followed by a wet Winter, combined with the native vegetation, had robbed the soil of a good deal of its natural fertility. Of the fertilizers, nitrate of soda, he said, increases leaf growth; potash is the key to successful production of roots; and bone meal, basic slag and phosphate ensure early maturity and good seed. In a soil without humus, however, they are little or no use. If there is even a depth of eight inches of good spongy soil, the chemical fertilizer will do its work. He warned his hearers against certain fertilizers, except for special purposes, and also explained why barnyard manure mixed with lime deteriorates through the action of the lime throwing off the ammonia. He was asked many questions as to rotation of crops, chicken manure, strawberries, the value of kelp and seaweed, and the best varieties of Fall wheat.

Mr. Munro thoroughly interested his audience, and was accorded a very hearty vote of thanks at the conclusion of the meeting.

Lieut.-Col. F. T. Oldham, president of the Institute, was in the chair.

HOLDS WHIST DRIVE

COURTENAY, April 3.—A very successful whist drive and dance was held at Grantham last night. Two dozen tables were required to accommodate the card players. The ladies' first prize was won by Mrs. Nunns, the second by Miss Baikie and the consolation by Miss C. Hogg. The gentlemen's first prize went to Mr. R. Grant, the second to Mr. Boomer, and the booby prize to Norman Janes. Following some delightful refreshments, served by the social committee, a most enjoyable dance was staged to excellent music supplied by a five-piece orchestra composed of Miss McQuillan and Messrs. Sutherland, Venables, N. Smith and B. McLennan.

At a meeting of the Grantham Parent-Teacher Association, held in the Community Hall this week, Mrs. Crockett took over the secretaryship on the resignation of Miss McQuillan. The question of fire protection was brought up for the school, and it is hoped that an emergency exit will be provided, as owing to the height of the building from the ground, this was thought to be necessary. Afternoon tea was served during the discussions of the school problems.

WINS SUCCESSES

COURTENAY, April 3.—The following pupils of the Courtenay Commercial School were successful in obtaining certificates from the typewriter companies during the month just ended: Miss Gladys Roy and Miss Eva Taylor, the Remington certificate for accuracy; George Edwards, the Remington accuracy and the Underwood speed certificates; Miss Kathleen Halley, the Underwood speed certificate. The school will take a week's holiday at Easter and will commence the Summer term on April 20.

FORMER TRUSTEE CRITICIZES GRADING

Duncan Consolidated School Board to Ask Inspector Stewart to Advise It on Question

DUNCAN, April 3.—At last night's meeting of the Consolidated School Board, a letter was read from Miss M. A. Hadwen, a former school trustee, criticizing the present method of grading in the public school here, particularly the practice recently introduced of subdividing divisions into Classes A and B, making two classes in each room under the direction of one teacher. Miss Hadwen claimed that such an innovation was illegal, in that the School Act provides for ten divisions only. She further charged that the change was unsound, must necessarily lead to retardation of the pupils, and would prove exceedingly expensive to the taxpayers. She asked for speedy action on the part of the Board in the matter.

To Invite Inspector

A letter from Principal Bowyer, defending the new system, and a further letter from Miss Hadwen criticising the defence, were also read at the meeting. The Board decided the question was one for an educational expert to grapple with, and has requested Inspector Stewart to visit the school and to report on the conditions at once, and to appear before a special meeting of the Board, when Miss Hadwen and Mr. Bowyer will both be invited to be present.

An application from the Duncan Garage for a transfer of the school transportation contract to the Cowichan Garage was referred to Trustees Stanhope and Dwyer for action.

May Day Celebration

A request from the school principal for permission to hold a May Day celebration on May 15 and that a holiday be granted on that date for the purpose, was left in the hands of Trustee Miller, of the school management committee, to deal with. This trustee also reported that complaints had been made that certain teachers were detaining pupils at recess, contrary to the School Act, and he was authorised to deal with this matter also.

Trustees Dwyer and Smythe were appointed a committee to meet the Duncan Property Owners' Association to explain matters in connection with the new school loan by-law to be submitted to the electors shortly.

The question of vaccination in the schools was laid over until the special meeting of the Board, when the views of the school health officer will be obtained. This gentleman was unable to be present at the meeting.

TO COLLECT AID FOR CAPE BRETON MINERS

CHEMAINUS, April 3. — The monthly meeting of the Porter Chapter, I.O.D.E., was held at the residence of Mrs. Lewis Hill, thirteen members being present. After the usual business had been transacted a collection was taken up for missions in India, the sum of $7.50 being realised.

The chapter is asking for donations of clothing for the miners and their families in Nova Scotia and the Near East. Mrs. L. Hill will be glad to receive any parcels.

At the conclusion of the meeting a delicious tea was served by Mrs. Hill.

The Women's Club, which has been meeting once a week during the Winter months, had its closing meeting on Monday last, it being thought advisable not to continue holding meetings during the Summer. A most enjoyable evening was spent, beginning as usual with exercises, after which a short musical programme was given by the following ladies: Song, Mrs. Olsen; piano solo, Mrs. N. Lang; song, Miss Payne; piano solo, Miss Alice Dyke.

Each member had taken a "lunch" which was arranged on a table upon arrival, and after the programme a spirited march was played and everyone marched around this table and chose a lunch.

Later a most delightful dance took place, Mrs. N. Lang and Miss Dyke kindly supplying the music.

The original committee retiring, the following ladies were elected: Mrs. E. Halberg, Mrs. Olsen, Mrs. Stevens, Mrs. Lang and Miss Hazel Cathcart.

Miss Hazel Cathcart kindly consented to take charge of the gramophone until the meetings commence again in October.

Crossword Puzzle No. 114

How to Solve the Puzzle

Each number in the diagram indicates the beginning of a word, reading either vertically or horizontally. The same number in some cases begins both a vertical and a horizontal word. The definitions of the words to fill the diagram are given in the lists labeled HORIZONTAL and VERTICAL, with numbers showing where to start the words in the diagram. To see how many letters each word has, count the white spaces until you come to a black square. If you have put in the correct words, they should all agree, horizontally and vertically, with the definitions, and you have solved the puzzle correctly. The solution of today's puzzle will be shown in an early issue.

NEWS OF THE SPORTING WORLD

Sportsmen to Unite With Aim to Improve Grounds at Willows

Representatives of Different Athletic Associations Appointed at Meeting With Directors of British Columbia Agricultural Society at City Hall Last Night—Sporting Fraternities Asked to Notify of Approval

A representative organization of the various outdoor sporting organization, to be subsidiary to the British Columbia Agricultural Society, was formed last night at a meeting held in the City Hall, to take full charge of the Willows Park oval and to try to make some arrangements whereby the various sporting fraternities may be brought together with a view of making the grounds into Victoria's premier athletic park. Mr. W. C. Moresby was elected chairman, and a provisional committee was appointed subject to the approval of the various organizations.

A Timely Move

The move now on foot is indeed timely. Victoria for its size is, undoubtedly, worse off for athletic grounds than any other city in Canada. At the Willows Park there are fifteen or twenty acres of level grounds, which are at present used only for rugby and an occasional grass hockey game. If these grounds

"BILLY" MORESBY

Veteran sportsman of this city, who was the unanimous choice of the new sporting organization which was formed last night with a view of getting the Willows oval put into shape for the use of athletic clubs throughout the year.

were put into good condition and divided there is no reason why three or four games could not be played at the same time. With the formation of this organization it is hoped that the co-operation of all athletic organizations will be secured, and the park made suitable for the numerous Summer and Winter sports which are played here.

To Form Committee

The newly-formed association discussed several phases of sport with the members of the B.C. Agriculture Association, who were present at the meeting. It is proposed to form a committee consisting of one representative from each line of outdoor sport, which will have complete charge of the renting and allotment of the ground. They will charge a fixed rate of twenty or twenty-five per cent of the gross gate receipts, four-fifths of which will go to the Agricultural Society for the upkeep of the grounds, and the remainder to the committee for the running of their affairs.

Needful Draining

It is also planned to drain the grounds, so that they will be available during all kinds of weather, and to draw off the playing grounds, so that the grandstand may be used. The next meeting of the organization will be held on Tuesday, April 14, when it is hoped that all athletic organizations will give notice to Mr. Moresby of their approval of their representative on the committee.

The following is the committee appointed: W. C. Moresby, chairman; Geo. Burnes, baseball; W. Erickson, basketball; C. V. Milton, cricket; M. P. Fletcher, grass hockey; W. Moresby, lacrosse; Jimmy Adam, soccer; J. H. Gillespie, rugby.

NANAIMO TENNIS CLUB HOLDS ANNUAL MEETING

NANAIMO, April 3.—The annual meeting of the Nanaimo Tennis Club was held last evening, at which officers for the year were elected as follows: Honorary president, Hon. Wm. Sloan; honorary vice-president, Mr. T. Cunningham; president, Mr. F. Edge-Partington; vice-president, Mr. F. Hanna; secretary-treasurer, Mr. J. T. Carrigan (re-elected); executive, Miss G. Walker, Rev. S. Ryall, Mr. N. E. Carter and Mr. L. Beevor-Potts.

The financial statement submitted showed a favorable balance even after considerable money had been expended in improving the courts. The retiring officers were accorded a hearty vote of thanks for their service during the past season.

It was decided to start work immediately on getting the courts into condition that play may commence as early as possible.

Canadian Wrestler Winner at Spokane

SPOKANE, April 3.—Nick Boxinis won the Canadian middleweight wrestling championship from George ("Cyclone") Thompson, of Spokane, here last night when he won one fall from Thompson in 34 minutes and took the second fall by forfeiture. The Spokane man was unable to appear for the second fall because of injuries, it was announced.

Edmonton Grads to Play Here at Easter

VANCOUVER, April 3.—The Edmonton Commercial Grads have accepted the invitation of the British Columbia Basketball Association and arrangements are now being made for the famous girls' team to appear in Vancouver, Victoria, New Westminster and Kamloops during Easter week.

Plans are also maturing for a visit of the Ottawa Rideaus to meet the Vancouver Varsity team for the Canadian senior women's championship during the Easter holidays.

George Jay Rugby XV Scores Decisive Victory Over South Park School

The George Jay rugby fifteen scored an overwhelming victory over the South Park team yesterday afternoon at Central Park in the School Rugby League by a score of 22 to nil. The Park team was weakened by the absence of four of their star players and were forced to play one man short throughout. The play of the George Jay students was greatly improved and they looked like champions from the start.

VANCOUVER "REF" WILL HANDLE GAME

JOE CRAIG TO OFFICIATE IN JACKSON CUP FINAL

United Services and Esquimalt Soccer Teams Will Meet Again at Royal Athletic Park

Joe Craig, of Vancouver, will referee the replay of the Jackson Cup final between the United Services and Esquimalt soccer elevens at the Royal Athletic Park this afternoon. Craig is a first-rate referee, knows the game thoroughly, has the respect of the players and stands for no back talk. It should be a good game and it is to be hoped that the better team will win and that thereafter there will be no more heard of protests and appeals, which are doing the game of soccer football more harm than good.

These two teams are capable of some excellent football and should give the spectators a good afternoon's sport. Rivalry is naturally very keen between the two teams and their supporters, and as the clubs have played more than one very close game against each other there is little chance of today's event being at all onesided.

One change has been made in the Services' line-up since the last game, Grimes replacing Cosier at left wing. The teams will therefore be as follows:

United Services—Weir; Whyte and Allen; Hawkes, Whiting and Robinson; Cummings, Spiers (captain), Coulter, Ward and Grimes; reserves, Cosier, Temple and Cave.

Esquimalt—Nicol; Watt and Mesher; Hosmer, Edwards and De Costa; Stewart, John Watt, Tommy Watt, Warren and Hay.

Oliver and Alcock will be the linesmen and kick-off will be at 3 p.m. sharp.

BAYS MEET SERVICES IN RUGBY FINAL TODAY

Island Championship at Stake This Afternoon at Willows Park—Game to Start at 3 o'Clock

This afternoon at the Willows Park the J. B. A. A. and United Services will meet in the final game for the Cowichan rugby trophy and the senior Island championship. The game will start at 3 o'clock with Gordon Campbell as referee. The teams will be as follows:

United Services—Holmes, Putman, Freeman, Russell, Grant, Evell, Hart, Stagg, Donald, Barnes, Wood, Exelby, Godfrey, Wingert and Parks.

J. B. A. A.—"Boss" Johnson, Bendrodt, Willis, W. Brynjolfson, Johns, Goodacre, McMillan, Locke, Miller, J. Johnson, Watson, Smith, Porteous, "Cotton" Brynjolfson and Mawhood.

Y.M.C.A. BASKETBALL

Revised Schedule for Annual Y.M.C.A. Tournament Announced—Three Games Tonight

The revised schedule for the completion of the annual Y.M.C.A. was made last night. Three games are scheduled for tonight, and it is hoped to rush the games so as to play the final next Saturday night. The draw follows:

TOTALISATOR IS NOW APPROVED BY OTTAWA

Automatic Machine, Used Widely in Australia, Can Now Be Installed on Canadian Race Tracks

Authority, in the form of a certificate of approval, has been given to Mr. James Curtis, of this city, by the Dominion Government, for the installation of the Australian Automatic Electric Totalisator, a machine for straight betting, on any race track in Canada. Mr. Curtis has been in Ottawa demonstrating the machine to Cabinet Ministers and other members of the House of Commons. Demonstrations were given in this city some months ago to Provincial Government officials and to the Mayor and members of the City Council.

The capabilities of the invention, which is in use on all the principal tracks in Australia, have been demonstrated in that country where racing is as popular as anywhere on earth. Two of these machines are being constructed for the Rangoon Jockey Club of Burmah, and two others for the West India Turf Club of Bombay. It is claimed that no totalisator ever invented is more accurate or affords safer protection to the betting public. The Federal Department of Agriculture has, seemingly, been struck with its merits and has given Mr. Curtis, the Canadian representative of the company which manufactures the machines, the authority he has been seeking.

Davenport Bowlers Win From the Eagles

NANAIMO, April 3.—A bowling match was played last evening between the Davenports and the Eagle teams, the former winning by three points. W. Shepherd was high individual scorer with 190 pins, and T. Fioretti, high average with 175 pins. The scores were as follows:

Mike McTigue Issues Blanket Challenge To Title Aspirants

NEW YORK, April 3.—Mike McTigue has stepped from the throne of the world's light heavyweight champion and broken time-honored pugilistic custom by issuing a blanket challenge to his "challengers."

McTigue announced that a recent operation on his right hand, through which a decaying piece of bone was removed, had restored the finishing punch which he claimed to have lost by a fracture in his championship bout with Battling Siki.

McTigue, in his challenge, asserted he is now capable of demonstrating at the expense of Tunney, Gibbons, Berlenbach, Delaney and other leaders of the division, the knockout punch which the Siki bout cost him.

Annual Baseball Meeting To Be Held Thursday

The annual meeting of the Victoria Amateur Baseball League will be held next Thursday night in the Belmont Building. Officers for the coming year will be elected, and all interested are invited to attend. Teams intending to enter are asked to have delegates present.

BRENTWOOD FOUR ROW U.B.C. TODAY

RACE WILL BE OVER MILE COURSE AT BRENTWOOD BAY

Will Start at 4 o'Clock, and Public Is Invited to Attend—Grounds Will Be Open

The second annual race over a mile course between the Brentwood College and University of British Columbia four-oared crews will be rowed this afternoon at Brentwood Bay at 4 o'clock. The race will start from a point off Finlayson Arm and will finish in front of the college.

Great interest is being taken by all in this annual event. Last year the Varsity rowed to victory, but this year the Brentwood boys think they have a crew that will be able to bring their colors across the line first. A general invitation is extended to those wishing to attend. The grounds of the college will be thrown open.

The Brentwood crew will consist of the following: J. A. Macaulay, bow (captain); F. Coleman, No. 2; E. Simpson, No. 3; and F. Smith, stroke.

Mr. Norman Yarrow, in his launch, the "Cynthia," will act as umpire.

International Soccer Is The Main Event Today

EDINBURGH, April 3.—With the soccer international game between Scotland and England scheduled on Saturday for Hampden Park, Glasgow, only eight games are drawn for decision in the First Division of the Scottish League.

There is little at stake in the league games, the only near champion combination engaged being Hibernians who travel to Dundee.

No First Division games are slated for the capital city, the Hearts of Midlothian being scheduled for an out-of-town contest at Aberdeen.

Other Fixtures

Ayr United at Falkirk.
Hamilton at Cowdenbeath.
St. Johnstone at Greenock.
Kilmarnock at Motherwell.
Partick at Raith Rovers.

High School Basketball Matches Are Cancelled

The basketball games scheduled to be played tonight at the Victoria High School between King Edward High School of Vancouver and the Victoria High School have been cancelled.

NEW HOCKEY LEAGUE NOW TAKING SHAPE

Livingstone Reports Montreal and Ottawa Interests Have Already Applied for Franchises

MONTREAL, April 3.—The Gazette, in its sporting columns, today says: "Definite applications for franchises in the proposed new professional international hockey league were received by the promoters of the venture yesterday from Montreal and Ottawa interests, according to Eddie Livingstone, moving spirit behind the new project. Livingstone stated that the Montreal application was signed by Newsy Lalonde, who proposes to operate a team in Montreal, composed largely of French-Canadian players. Lalonde claims to have proper financial backing."

The Ottawa application, states the Toronto promoter, came from an association which he claims has obtained the privileges at Dey's Arena in which it is planned to instal an artificial ice plant.

"Livingstone further adds that Ottawa is after Aurel Joliat and Billy Boucher, of the Canadiens, and are confident of getting them for their team next season.

"Regarding the statement of T. J. Duggan, president of the New York club, that New York would be in the National Hockey League, Livingstone stated that the new loop would have a team in the United States metropolis, whether Duggan comes in or not. In Toronto arrangements have been completed for an artificial ice plant. The Coliseum when remodeled will have a capacity of 16,000."

CURLEY NOW TALKS CHAMPIONSHIP MATCH

Claims to Be Near Completion for Negotiations for Dempsey-Wills Fight at Belmont Park

NEW YORK, April 3.—Claiming to represent a syndicate of wealthy sportsmen, Jack Curley, wrestling promoter, announced that he expected within a few days to complete negotiations for a heavyweight championship match between Jack Dempsey and Harry Wills, with Belmont Park as the site. Arrangements of the seating accommodations to handle a crowd of 120,000 is contemplated by the syndicate, it was said. Belmont Park has been the scene of many of the turf's leading classics.

MONTREAL, April 3.—Provincial open and amateur golf championships will be played over the course of the Kanawaki Golf Club in the third week in June, according to a decision reached at the annual meeting of the Province of Quebec Golf Association. J. Merchler, of Lavalieur-le-Lac, was elected president of the association for the coming year.

Sportive Punches

By the "Old 'Un"

"Rod and Gun in Canada" is at present carrying on a campaign for the formation of a Canadian Fish and Game Protective Association, an excellent work to which the Old 'Un is pleased to give a little boost.

* * * * * * *

The editor of that magazine points out that it is generally conceded that, in order to protect the wild life of Canada and to insure the future of shooting, the sportsmen of today must present a united front.

* * * * * * *

The United States has many useful organizations, but they are concerned with problems affecting their own country. Canada in turn has as many great problems and the need for a nation-wide organization is pressing.

* * * * * * *

The magazine is asking that local Fish and Game Associations should send in to it answers to the following questions as the first step to organization of a national body of the kind proposed:

* * * * * * *

1. Will your organization affiliate with a Canadian Fish and Game Protective Association?
2. Could your organization send a delegate to a general meeting or could you join with other associations in your province to send one delegate?
3. What name would you suggest?
4. What suggestions have you for a constitution?

As soon as replies can be summerised they will be published, and the address to send them to is Woodstock, Ont.

* * * * * * *

Of especial interest to British Columbians is the letter of endorsement of this project from Mr. M. B. Jackson, chairman of the British Columbia Game Conservation Board, published in the same issue.

* * * * * * *

Mr. Jackson writes: "The experience of our Game Conservation Board has demonstrated that the organization of sportsmen, and through them the development of true sportsmanship, is the best guarantee for conservation and propagation of game.

* * * * * * *

"After all, what is perhaps the outstanding need is a campaign of education in respect of game and conservation—and I know of no medium through which this can be better put forward than by the sportsmen themselves in associations."

* * * * * * *

And that is a valuable piece of encouragement and it shows that already the sportsmen of British Columbia have done a little educating.

* * * * * * *

What they want now is a little more power and leverage for making the politicians do the right thing by the sportsmen and the citizens generally, whose property the game is, property which is very valuable, much too valuable to be wasted.

* * * * * * *

The great thing to remember is that there is a vast army of sportsmen in this Province and in Canada as a whole, AND MOST OF THEM HAVE VOTES.

* * * * * * *

Get them all united, and they will form a power which not even the politicians will be able any longer to dare to ignore, let alone imposing on them extra taxes without using the revenue so raised for the purpose for which it is presumably levied.

GOLF FOR BEGINNERS

By One of Them

This golf game has been written up ad nauseam by the experts, I know that. They all take a crack at the beginner and tell him what to do and what not to do, and laugh up their sleeves, thinking how easy it is to put the poor dub's money into their pockets and how hopeless to put their skill into his hands with their books. It's time a beginner had a little to say about a subject which he understands a whole lot better than the experts.

The trouble is the experts, near-experts, self-imagined experts and others who rest on the lofty perch gained by lengthy links experience, have lost the right point of view. They were beginners themselves once, but it's so long ago, no doubt, that they have forgotten about it, and beginners' golf and experts' golf are two totally different games. Even they will agree to that, without a doubt. But beginners' golf is far the better game. Maybe they'd want to argue that point.

But I'm a beginner, so of course I ought to know the fine points of the game—beginners' golf, that is. Take to start with the wonderful variety, which is its spice. That's where beginners' golf is so vastly superior to experts' golf. There's so much more in it.

A Shorter Game

To begin with, the fellow who is a really expert golfer only gets about half as many strokes in his three-mile walk as the beginner; isn't it a fact? And those strokes have so much less variety in them and are so much easier.

What's that you say? "If they're so easy, why can't the beginner make them?"

Well, I can't walk a tight rope, but the fellow who can finds it quite easy, or I'm mistaken, and there's no fun in it for him.

But, to get linked up again, the golf beginner gets, as I say, about twice as much golf in a round as the expert gets, and he gets fully six times as much variety. The expert makes his 250-yard drive, walks up to his ball, hits it again, it goes just about as far and as straight as he wants it to go, and he's on the green in two or three according to the distance, makes a par or a birdie, and goes on his silent, solemn and uninteresting way while the beginner is slicing and hooking, learning new things about what a golf ball can and will do of its own sweet will, improving his vocabulary, and getting lots of fun generally out of the game for the game's sake.

There's no need for him to have a dollar on the hole and a tan spot for the match in order to keep up the interest. He's out to play golf for the sake of the game itself, even in spite of some little vexation of spirit, and, if he can whittle a stroke or two off his record score once in a while, why, he's just as much tickled as the champion who adds another pot to his collection or another title to his string.

Watch Your Ball

And then there are lots of things a golf beginner finds out for himself, which it doesn't take any expert to teach him. Take for instance that hoary old maxim, "Keep your eye on the ball." It's a good one, no doubt. Oh! yes, keep your eye on the ball, because if you don't some other links hound, not necessarily a beginner, is liable to pick it up while you are hunting for it, and put it in his pocket.

"Keep your head down," is another one they drum into you. It's a good idea, too, because it makes the lie easier. You can't look a man in the eye and tell him you've made six strokes when you know it's really eight when you're only a beginner at the game.

Then there's the matter of temperament, which these experts tell you makes all the difference in playing golf. Sure it makes a difference. Temperament is only a long word for tamper on the links, and, if you're a beginner, you must keep yours no matter what happens.

But you just drive off behind an expert and by a fluke get a much longer ball than you expected, and, if it happens to run up anywhere near where the expert is about to take his next shot, just watch the effect. But don't, for heaven's sake, imitate it if conditions happen to be reversed, and the expert's ball comes whizzing past your car as he bellows "Fore" in a tone which seems to mean "Why the devil don't you get off the earth?"

The Beginners' Day

Fact is the beginners are getting onto those parts of the earth which are made into golf links in greater numbers all the time, and the days at hand when the expert will have no longer have all the say in the placing of traps, which he can avoid and the beginner can't, and other little matters of this kind.

Golf for beginners is a darned good game, but we don't need the advice of the experts to tell us how to play it!

GRASS HOCKEY

The following players will represent Victoria against Salt Spring Island in the grass hockey match to be played this afternoon at 2 o'clock at Oak Bay Park: Prevost, Clarke, Martin, Booth, Muncy, Lefevre, Thomas Wimby, Miss Clarke, Miss K. Harris, Miss Harman and T. Eastman. There will also be a practice match on the adjoining ground.

PIETZ SHIELD IS WON BY COLONIST

DEFEATS TIMES AGAIN AT ROLLER HOCKEY

Score 15 to 5 in Last Night's Contest —V.I. Midgets Retain the Connorton Trophy

In last night's roller hockey The Colonist succeeded in winning the Pietz Shield for the second year by beating The Times by 15 to 5. The Times were short of several of their regular players, and their places were taken by some of their intermediates, who put up a good exhibition of hockey.

The game, although rather one-sided, was interesting to watch, as The Times team played an aggressive game, and made their opponents fight every inch of the way to victory. The combination of The Colonist team was excellent, and the boys are playing in their best form of the season. Bill McAllister, manager of The Colonists, is particularly pleased with the showing the team has made in their recent games, and is confident that they will speedily overtake the three-goal lead of the Seattle team and win the world's series. In their last five games this team has scored no less than 71 goals against 13 for their opponents. The team will fulfill their last engagement in the local league on Monday evening, when they will meet the V.I. Sheiks for the final games in the unrestricted class.

The V.I. Midgets were successful in winning their game with the Foul Bay boys, and retain possession of the Connorton Shield for the second year. The midget game was fiercely fought from start to finish, and both teams played a splendid brand of hockey. The score in this game was: V.I. Midgets, 7; Foul Bay, 5.

The V.I. boys will meet the Haultain team in the final for the 75-pound class on Monday night, and it looks as if they, as well as The Colonist, will be successful in winning two championships.

The Victoria teams who will compete against the American teams next week will continue their training until next Wednesday, when they will rest up for the crucial games on Good Friday.

RUGBY CLUBS SHARE SPLIT IN RECEIPTS

Amount to Be Divided Is $105,000 as Result of Visit to England of All-Blacks

LONDON, April 3.—Twenty-one thousand pounds sterling (approximately $105,000) represents the amount that will be divided between the clubs and county organizations of the Rugby Union, as a result of the "gates" during the games played by the New Zealand All-Blacks in their recent tour of the United Kingdom.

This statement was made today at a meeting of the Rugby Union held here, when the treasurer presented the financial report of the New Zealanders' games.

A horse was recently shipped from Paris to Ameterdam by airplane.

OTTAWA, April 3.— Willie Plant, United States champion walker, walked three miles in 20:43, establishing a world's record at the Ottawa police indoor sports here tonight. Pjli Granville, Canadian champion, and Ugo Frigerio, Olympic champion, only walked half the distance.

SHIP'S MASTER GETS WATCH PRESENTATION

Commemoration of First Vessel to Dock at New Terminal Dock in Vancouver

VANCOUVER, April 3.—Commemorating the fact that the Norwegian teamer Theodore Roosevelt was the first ship to dock at the new wharf of the Terminal Dock & Warehouse Company here, Captain Jannsen, master of the vessel, was today presented with an engraved gold watch by the company. The presentation was made by Ald. F. E. Woodside on behalf of Mayor L. D. Taylor.

CHANGE POLICY ON RELIGIOUS ASPECT

French Government Makes Complete Reversal of Attitude on Vatican Representation Question

PARIS, April 3.—Premier Herriot and his colleagues in the Cabinet, after prolonged deliberation, have changed their policy toward the Catholic Church in France. They have determined to withdraw their insistence on the suppression of French diplomatic representation at the Vatican.

This decision is tied up with the financial question. Anatole De Monzie, named to succeed Etienne Clementel, as Finance Minister, upon the latter's resignation made the change in policy a condition of his acceptance, for the reason that the religious controversy was destroying the unity of the country, and Catholic support of the public finance was essential.

DOUKHOBOR HELD UP BY MASKED BANDITS

Finds Himself Facing Three Men With Gun and Hands Over $310 in Cash

GRAND FORKS, April 3.—Aroused from bed at an early hour this morning, Mr. Pete Maloff, a Doukhobor, residing near town, opened his door, to find himself faced by three masked men and a gun, and was required to hand over $310 which he had in his possession.

To Chief of Police Dockstader, Maloff stated that the only persons who knew of his having the money were a couple of Doukhobor friends, which forms the only clue to the identity of the holdup men.

WHEAT PRICES FALL TO NEW LOW LEVELS

May Deliveries Decline Seven Cents in the Day's Operations of Winnipeg Market

WINNIPEG, April 3.—Wheat prices today wallowed in the lowest levels reached since the spectacular advance started last Fall. May delivery plunged down to $1.36¾, representing a loss of 7½c from Thursday's close and 9c below the high point for the day. During the closing minutes of the session the market rallied. May finished at $1.32¾. July was comparatively stronger, jumping ahead of the nearby future to close at $1.29½.

Buying power was lacking entirely, except for an early spasm, which was traced to covering by local shorts. Experts report greatly improved weather conditions throughout the Winter wheat belt, excellent rains having fallen in the drought-stricken areas during the last 48 hours. The chief cause of weakness, however, was attributed to lack of export demand.

The coarse grain markets also were decidedly weak, rye slumping 9c, oats 3¼c, barley 1¾c and flax 2c.

Mr. Sloan's Contribution

NELSON, B.C., April 3.—Hon. William Sloan, Minister of Mines, has forwarded a Provincial cheque for $500 to the Chamber of Mines for Eastern British Columbia toward financing the coming Interior convention. "I trust you will be established on a sound basis," he says in his covering letter.

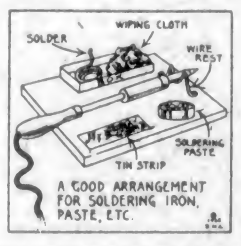
Soldering Iron Mounting Board

One of the messiest things about building a set is the soldering. It requires paste, solder, a place to lay the iron, a place to tin, and something to hold all these things in place so that they do not get all over the table or bench you are working on. No one can appreciate the need of a good soldering iron mount more than the person who has accidentally laid the iron on a piece of good furniture.

The arrangement as shown in the scrap lumber, some wire and piece of



A GOOD ARRANGEMENT FOR SOLDERING IRON, PASTE, ETC.

scrap lumber, some wire and a piece of brass or tin. A biscuit or baking-powder can, if straightened out, will do for the latter.

A strip of the tin is nailed on one corner of the board, the paste is fastened to the other corner, and on the top is a small cardboard box in which is kept the wiping rags and solder. A piece of heavy wire is bent in the form of a cradle and the iron is rested in it. If it falls out all it can hurt is the board. The strip of tin is used when tinning the iron. A small amount of solder should be melted on it and the iron dipped in when you wish to tin.—Copyright, 1925, by the S.N.I. Technical Syndicate.

Nations Exchange Notes On Medical Aeronautics

WASHINGTON, April 3.—Four new specially-designed army ambulance airplanes soon will be placed in commission, if tests now in progress prove satisfactory. One of the selected models has been received at McCook Field, Dayton, Ohio, and is being put through its paces. Preliminary reports indicate that it will measure up to requirements.

The new plane is capable of flying 100 miles an hour and has accommodation for two patients, the pilot and a flight surgeon.

While the army jealously guards structural secrets of its other aircraft, it makes available to other nations information regarding ambulance airplanes. England, France, Czecho-Slovakia and Sweden have in turn supplied the American Government with information regarding medical aeronautics.

CROWN PRINCE WILL TELL TRUTH OF WAR

Book to Be Published Which Will Attempt to Shatter Charge That Germany Was Responsible

BERLIN, April 3.—The former German Crown Prince will try to refute Germany's war guilt in his book, "I Seek the Truth," the manuscript of which he has just completed.

Frederick William conceived the idea of the book during his exile on the island of Wieringen, and he began to write it immediately on his return to Germany. It covers the period from 1870 to 1914, and with the aid of numerous official documents he intends to shatter the charge that Germany was responsible for the war. The book is to be published in May.

Winnipeg Grain Letter

(Supplied by R. P. Clark & Co., Ltd.)

WINNIPEG, April 3. — Wheat: After showing a little early strength this morning when prices advanced about two cents above the previous close, largely based on cables being somewhat firmer than expected, the market was generally weak, lacked buying power, and another drastic break of nine cents from the early high was realized, May failing to $1.36⅝ and July $1.37⅝, the lowest points reached in many months. There was a reaction of about two cents during the closing moments, final figures being 4⅝ to 4¾ cents down for the day. A feature of the market was the weakness of May compared with July, the weak cash situation being reflected in the May. The only buying power that could be observed was shorts covering, exporters, shippers and millers were doing nothing and seaboard advices stated that no business has been worked over night and that the foreigners continued to show indifference. Australian and Argentine shipments for the past week were reported to show an increase, while the record stocks on passage will show little material change. These facts would appear to indicate that the foreigner has overbought himself and for the present time at least is not worrying about his requirements and has adopted a waiting attitude until these markets settle down. Weather conditions over the Winter belt showed decided improvement, good rains having been received over large areas. This also was a bearish factor.

The undertone to the market does not appear very strong tonight and unless buying power develops the general opinion is that prices will work lower yet.

Coarse Grains: Oats and rye continued to follow the action of wheat and with little or no support from any direction drastic declines were recorded, oats closing 3¼ cents and rye 9 cents down for the May futures. The barley market gave a better account of itself, prices holding steady, there being an excellent class of buying against export sales.

Flax: Scattered liquidation in sympathy with the general weakness in other commodities carried prices down about 3 cents. Trade small but crushers showing no interest.—C. & M.

Grain Letters

CHICAGO, Ill., April 3—Wheat: The drastic slump in coarse grains was largely responsible for a renewal of liquidation in wheat, as the buying demand was limited even at the declines. General news counted for little today, and there was nothing to create any greater confidence in prices. Apparently there is no better demand now than when prices were much higher. In fact, general confidence has been badly shaken. New buying of an important sort in addition to spasmodic short covering is needed to stabilize the market. On its merits wheat should be low enough both for the old and new crop months at this level. The foreign advices indicate a willingness to buy our wheat if the markets show any signs of stability, but so long as the price turns are so violent it will be hard to do much export business. Rains in Kansas checked buying to some extent, but the new crop outlook is still uncertain. Where the present selling wave will carry prices is hard to say, but believe we are not far from a turn.

Corn: Rallies in corn after drastic declines were too feeble to give buyers any confidence even at the depressed levels. Cash sales were better than 135,000 bushels, but the receipts here and in the West are ample, so that no inroads are being made in big stocks. Longs have sold all day long and the close was heavy and at low point of the day. There is much more reason to be bullish on corn now than for a long time on basis of price, but the one big requirement is sustained improvement in the shipping demand.

Oats: Big longs were credited with again putting a lot of oats on the market, which, with the weakness in corn, caused a big decline. There was a fair rally from the low points, but the market showed but little strength except as shorts covered. Cash sales were quite good at 215,000 bushels. Can see no basis for marked improvement unless the situation in other grains is changed.

Rye: Prices for this grain slumped in the general selling melee, and were down to the lowest levels so far. The situation is the same as in wheat. On basis of price rye looks cheap but it will take better buying to advance the market.

VICTORIA CITY BOARD OF HEALTH

The Provincial Board of Health, pursuant to the provisions of the Health Act, has enacted the following regulations, to take effect immediately:

VACCINATION

"25. It is hereby ordered that all Local Boards of Health shall arrange suitable times and places for vaccination and give public notice thereof.

"26. Every resident of this Province shall forthwith be vaccinated or produce to the Medical Health Officer of the district or municipality where he or she resides a certificate or proof of successful vaccination within the preceding two years, or a certificate that such person is at the present insusceptible of vaccination, or a certificate of physical unfitness for vaccination. Such certificate shall be from a duly qualified medical practitioner.

"27. It shall be the duty of the school trustees and teachers of all schools (public and private) to see that the provisions of the preceding subsection are forthwith complied with by teachers, janitors, all employees of the School Boards, and by all children attending such schools, high schools or colleges.

"28. The trustees and teachers of all schools (public or private) shall provide that no child shall be permitted to attend school without producing a certificate of successful vaccination, or that the child is insusceptible to vaccination, or a certificate of physical unfitness.

Penal Clause (Sec. 112, "Health Act")

"26. Provides that any person who violates any regulation of the Provincial Board shall, unless it is otherwise specially provided, be liable for every such offence to a fine not exceeding one hundred dollars, with or without costs, or to imprisonment, with or without hard labor, for a term not exceeding six months, or to both fine and imprisonment, in the discretion of the convicting Court."

Exemption From Vaccination

"The Health Act provides that:

"'Any regulation made by the Provincial Board, requiring the vaccination or revaccination of all persons resident within the jurisdiction of any Health Officer, shall be deemed not to apply to any person who makes an affidavit or a statutory declaration before a magistrate or any other person authorized to take declarations under the 'Provincial Elections Act' to the effect that such person conscientiously believes that vaccination would be prejudicial to his health (or to the health of his child, as the case may be), or for conscientious reasons objects to vaccination, and shall deliver or transmit by registered mail to the Health Officer of the district in which he resides a certificate by such Magistrate or other official person before whom the oath was taken of such conscientious objection."

In compliance with the above regulations, as set forth in Subsections 27 and 28 respectively, no pupil who is not vaccinated in accordance with above regulations or who is not exempted as provided in above clauses of the "Health Act" will be admitted to the Victoria Public Schools as from Monday, April 20th, 1925.

In order to provide adequate opportunity for vaccination, arrangements have been made whereby any persons resident in Victoria wishing to be vaccinated may be vaccinated free of charge by their family physician or other doctor during the month of April.

Further, the School Health Inspector will be in his office at the School Clinic, Girl's Central School, from 10 a.m. to 12 noon and 2 p.m. to 4 p.m. daily (except Sundays) to vaccinate pupils of the Victoria Public Schools free of charge.

The City Health Officer will also be at his office in the City Hall during the above hours to vaccinate free of charge any resident of Victoria who may apply for such treatment.

ARTHUR G. PRICE,
Medical Health Officer.

April 2nd, 1925.

THE BANKRUPTCY ACT

In the Estate of C. C. Bate, of Ladysmith, Province of British Columbia, Authorized Assignor.

NOTICE IS HEREBY GIVEN that C. C. Bate, of Ladysmith, in the Province of British Columbia, did on the fifth day of February, 1925, make an authorized assignment of all his property for the benefit of his creditors, and that H. Tyrwhitt Drake, official receiver, has appointed me to be custodian of the estate of the debtor until the creditors at their first meeting shall elect a trustee to administer the estate of the debtor.

NOTICE IS FURTHER GIVEN that the first meeting of creditors in the above estate will be held at the Government Agent's office at the Court House, Nanaimo, B.C., on the 23rd day of April, 1925, at three o'clock in the afternoon.

To entitle you to vote thereat, proof of your claim must be lodged with me before the meeting is held.

Proxies to be used at the meeting must be lodged with me prior thereto.

AND FURTHER TAKE NOTICE that if you have any claim against the debtor for which you are entitled to rank, proof of such claim must be filed with me or with the trustee of the estate within thirty days from the date of this notice, for from and after the expiration of the time fixed by Subsection 9 of Section 37 of the said Act, the proceeds of the debtor's estate will be distributed among the parties entitled thereto, having regard only to the claims of which the trustee has then notice.

Dated at Ladysmith, B.C., this 28th day of March, 1925.

S. B. SLINGER,
Custodian.

Sealed Tenders will be received at the office of the Chief Engineer, Winnipeg, Man., until 12 o'clock noon, Monday, April 6, 1925, for the construction of timber bridges, including log dumping trestle at Cowichan Bay, and for the erection of thirteen miles of fencing.

Plans, profiles, specifications and form of contract may be seen and forms of tender obtained at the offices of Engineer, Vancouver, B.C.; Division Engineer, Prince Rupert, B.C.; Acting District Engineer, Victoria, B.C.

Tenders will not be considered unless made on the form supplied by the Railway Company and accompanied by an accepted cheque on a chartered bank equal to five per cent of the value of the work, payable to the order of the Treasurer, Canadian National Railways.

The lowest or any tender not necessarily accepted.

A. H. WARREN,
General Manager.

PRICES FLUCTUATE ON NEW YORK MARKET

Trading Unusually Light and Sales During Session Fall Below Million Mark

NEW YORK, April 3.—Stock prices fluctuated with narrow and irregular limits during the greater part of today's trade, but drifted at the close, another sharp reaction in grain prices. Trading was unusually light, total sales falling below the million share mark, for the first full session since election day. This breaks a string of 112 consecutive million share five-hour sessions.

Except for the further break in grain prices, there was little in the day's news to affect quoted values. Reports that the French Cabinet was contemplating a capital levy apparently were ignored.

The oils displayed a strong tone in the early trading with buying apparently influenced by the reduction in crude oil output and the quashing of indictments in the Western Oil land lease cases, but they did not maintain their gains.

Coppers, which have been reactionary recently as a result of lower commodity prices, showed an improved tone. Anaconda and Cerro de Pasco each showed net gains of about a point, and most of the others improved fractionally.

The co-called pivotal industrials failed to indicate a definite trend. United States Steel common and American Can closed unchanged at 114¼ and 162, respectively. Baldwin dropped back half a point to 112⅝. Studebaker showed a slight fractional gain at 43⅛.

Call money renewed at 3¾ per cent and then dropped to 3½, the easier tendency being attributed to the recent reduction in brokers' loans. Time loans and commercial paper rates held steady. Erratic fluctuations of French francs, due to political causes, featured today's irregular exchange market. Opening quotations here were about eight points lower at 5.11c, but a subsequent recovery carried them back to 5.16c. Demand sterling ruled about ⅝c higher to $4.78. Other European quotations were narrow. Liquidation of French obligations inspired by the crisis over the French financial situation and uneasiness over the drastic measures suggested to relieve it, unsettled today's bond market. Prices drifted rather aimlessly and fluctuations, except in the French group, limited to a point or so.

BEARS KEEP ROLLERS UNDER WHEAT PRICES

Combined Attack at Winnipeg Market Smashes Quotations for Net Loss of Over Four Cents

WINNIPEG, April 3.—A combination of bearish forces acted as a battering ram in smashing down grain prices on the Winnipeg exchange today. Wheat and rye suffered the heaviest loss in today's debacle, the May future declining 9 cents from the high point, while rye skidded 10 cents below yesterday's figures. The weakness, which was of a general character, was attributed to lack of demand, lower Liverpool cables and improved weather conditions in the Winter wheat areas.

During the closing stages of the session the market recovered some of its loss, May closing at $1.38⅝; July for the first time passed the nearby future, finishing at $1.39¼, 4⅝ cents under the close of Thursday, and October was down 3 cents at $1.23⅝.

The market opened with sentiment fairly strong, but the gradual withdrawal of buying support precipitated a sudden downturn.

MARINE and TRANSPORTATION

Passengers on Empress of France Will Receive Data

Information About Victoria Will Be Waiting at Honolulu for World-Cruising Excursionists, Who Are Now Inspecting Pagodas of Pekin—Will Arrive Here on May 2—Local Arrangements Include Drive, Dinner and Dance

Victoria will welcome the round-the-world tourists on the Empress of France on May 2. They are due here in the afternoon from Honolulu and will be entertained with a dinner and dance at the Empress Hotel, following a drive round the city. They will leave during the night for Vancouver.

In anticipation of their arrival, the Canadian Pacific Railway will have on hand at Honolulu a full assortment of publications about Victoria and Vancouver Island, enough for every passenger, so that they will know what to see on arrival.

Mr. J. J. Forster, general agent, C. P. R. ocean traffic, who was in the city yesterday, says that every detail has been thought out carefully for the passengers to understand to the fullest extent the scenery and resources of British Columbia during their brief stay.

Now in China

The tourists, who have had remarkable experiences in Egypt, India and the Eastern Asiatic countries, are now occupied in inspecting the pagodas and palaces of Peking.

It is understood that the disturbed condition of North China will restrain in some respects the liberty of exploring the Great Wall and other fascinating survivals of mediaeval Cathay, but there will be plenty to interest in the wonders of China's capital and the neighboring seaport of Tientsin.

In the Hawaiian Islands

From Japan the tourists will move across the Pacific to reach Honolulu, and will visit in addition to the Island of Oahu the wonderful crater of Kilauea, in the Island of Hawaii, which it will be recalled proved nearly fatal to a passenger of the Empress of Canada cruise a year ago, when he ventured too close to the eruption then in progress, and was only saved by the heroism of a companion.

Future Plans

After the arrival here, by which time the cruise will have extended to 23,000 miles, it is intended to leave Vancouver and Victoria for New York on May 4, passing through the Panama Canal and the West Indies, to reach New York on May 23.

Mr. Forster states there is already a large booking for this tour, and that the cruise in its last 6,400 miles will be one of the most popular features of the whole itinerary. The vessel will have called at twenty-two ports by the time it reaches Victoria, and will later call at San Francisco, Balboa, Colon and Havana en route to New York.

Next Year's Cruise

The Empress of Scotland will be withdrawn from the Atlantic service next year to make the round-the-world cruise. She has participated in a Mediterranean cruise this Spring. It has been decided to make Victoria and Vancouver the ports of call rather than the more populous American Pacific ports on the occasion of the 1926 cruise.

C.P.SS. EMPRESS OF FRANCE

ASIA SAILED FOR EAST LAST NIGHT

TOOK OUT OVER 300 PASSENGERS FOR ORIENT

Many Prominent Business Men Included on List—Capacity Cargo Stowed in Holds

Taking out a list of over 300 passengers and a capacity cargo of asbestos, automobiles, lumber, flour, canned fish, fruits and other products, the Canadian Pacific liner Empress of Asia sailed for the Far East at 6:30 o'clock last night.

Among the prominent passengers leaving on this liner were G. S. Bull, of New York, a director of the National Aniline & Chemical Company, en route to Japan; G. S. Beebe, also of New York, of Carter, Macey & Company; A. K. Ruroll, of the Singer Sewing Machine Company, New York; P. E. Bonsfield, of Peller & Company, prominent tea merchants of Shidzuoka, Japan; H. C. Hutchings, of the General Motors Exchange Corporation; Harry Lachlin, well-known representative of the Jardine Matheson Company, Shanghai, returning from a holiday in the Old Country; G. B. McFarland, of New York, en route to Bangkok, Siam; G. L. Peon, of Rothschild & Company, importers of crude rubber, en route to the Malay Straits, and O. D. Wanamaker, also of New York.

H. L. Wilson, prominent business man of Winnipeg, accompanied by his mother and his daughter, Miss Helen S. Wilson, also sailed on the Asia on a pleasure tour of the Orient. H. W. Stevenson, well-known billiard player, was also on board.

CANADIAN SCOTTISH WILL LOAD LUMBER

IS DISCHARGING INTERCOASTAL CARGO AT VANCOUVER

Will Replace Canadian Highlander—Canadian Seigneur Returning to the Pacific Fleet

As soon as the C. G. M. M. freighter Canadian Scottish has completed discharging her intercoastal cargo in Vancouver she will go on berth to load lumber for United Kingdom points, and for this purpose will come to Victoria to load approximately 500,000 feet of lumber. The Canadian Scottish is replacing the Canadian Highlander in the United Kingdom service on account of the latter vessel sustaining damage during a mishap in the Old Country.

In the intercoastal service the Canadian Skirmisher is reported to have arrived at Halifax on March 28, where she is loading for her return trip to Victoria and Vancouver. The Canadian Winner left Halifax the same day that the Skirmisher arrived on her return trip to this coast. The next outward bound liner in the intercoastal service will go on to Montreal now that navigation on the St. Lawrence is open. The Canadian Ranger left Trinidad on March 21 en route to Halifax.

After an absence of over a year from the Pacific unit of the C. G. M. M., the Canadian Seigneur is now en route here from Antwerp. She is reported to have left the Panama Canal en route to Victoria and Vancouver on March 27. Also in the Antwerp service, the Canadian Pioneer arrived at London on March 28, while the Canadian Miller, also in the same service, left the Panama Canal on March 30 for London and Antwerp.

Although earthworms have no eyes they are said to be able to feel light through their skins.

SALE OF SHIPPING BOARD LINERS IS CLAIMED ILLEGAL

WASHINGTON, April 3.—A temporary injunction blocking sale of the Shipping Board vessels was issued today by Justice Hitz, of the District of Columbia Supreme Court. The injunction was issued on petition of the Pacific Mail Company which now operates the line and which was an unsuccessful bidder for its purchase against the Dollar interests.

In its petition the Pacific Mail Company contended that the Board's decision to sell the vessels to the Dollar Company, decided on after a bitter row among Board members and by a majority of one, was illegal for many reasons.

C.G.M.M. HAS 23 LINERS FOR SALE

OTTAWA, April 3.—When L. H. Martel, M.P., Hants, asked for a return showing how many boats of any description had been sold by the Government since the Armistice, with full particulars of the money involved, he started a list which yesterday reached the House in a bulky file, showing that 282 craft were sold. These comprise everything from an obsolete cruiser to a canoe. Some fetched tens of thousands of dollars, others as low as $1.25.

One of the questions asked was whether the Government had any more ships for sale.

The Department of Railways has answered this question with a list of 23 vessels of the Canadian Government Merchant Marine.

AMMUNITION FOR CHINA IS SEIZED

THOUGHT TO HAVE BEEN FOR EMPRESS OF ASIA

Was Cleverly Concealed in Lengths of Scantling—Comprised Two Rifles and 5,000 Rounds

VANCOUVER, April 3.—Two rifles and 5,000 rounds of ammunition, alleged to be ready for smuggling to China on a boat now in the harbor, were seized in a raid here last night. One Chinese and a white man are being held for investigation.

The ammunition was cleverly concealed in lengths of scantling, which had been split, hollowed out and rejointed after the hollow had been filled with cartridges, which were of the type used in high-powered automatic pistols.

Detectives got wind of a plot to smuggle a quantity of arms on board a ship bound for the Orient, and placed an operative, who posed as a wireless operator on the ship, at work. Through this man they got on the "inside" and listened while the man held a conversation with a Chinese on the boat in a cabin, which they had borrowed for the occasion.

It is said that plans for the shipment of a number of automatic pistols, a machine gun and a quantity of rifles were revealed, but when the raid was made but a small part of the shipment was discovered, so search is now being conducted for the remainder.

WRANGEL PARTY TO LEAVE FOR ALASKA

WILL BE TAKEN TO NOME ON CUTTER BEAR

Final Act in Drama Which Opened August, 1923—Three Members Died in Siberia

Remaining members of the ill-fated expedition to Wrangel Island in 1923, now in Seattle, will be returned to their homes near Nome next month on board the coastguard cutter Bear. A dozen Eskimos, including two women and five children, comprise the party. They arrived here some months ago aboard a N.Y.K. liner, after trekking across Siberia and China on foot, being taken from Wrangel Island by the Soviet ship Red October. Charles Wells, head of the expedition, and two members of the Eskimo party died in Siberia.

The cutter Bear will sail for northern waters on May 10 or 12.

The announcement yesterday from the United States coastguard of the cutter's assignment for this service, probably will mark the final act in the drama which opened August, 1923, when a trading company commissioned Charles H. Wells to take a party of natives to Wrangel Island. They remained on the bleak island a year until taken off by the Soviet vessel and landed in Vladivostok, where Wells died ostensibly of pneumonia while under confinement. The Soviet Government seized the expedition's furs valued at $35,000 and all their equipment.

The time used is Pacific standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of lower low water.

Equimalt—To find the depth of water on the sill of the drydock at low tide add 18.8 feet to the height of high water as given above.

LETITIA TRIAL IS SUCCESSFUL

AVERAGED 17 KNOTS OVER MEASURED COURSE

Distinguished Company on Board—Will Be Placed on Canadian-Glasgow Run

Another Anchor-Donaldson liner will be added to the Canadian-Glasgow service this Summer, according to an announcement made by Mr. C. A. Whitelock, British Columbia representative, yesterday.

Mr. Whitelock is in receipt of advice stating that the new liner Letitia ran successful trials March 31, averaging a speed of 17 knots. There was a large and distinguished company aboard, including Lord Provost of Glasgow, Sir Alexander Kennedy, Admiral Douglas Brownrigg and other directors of the Fairfield Shipbuilding Company. Many other notable persons on board included directors of the Anchor-Donaldson Line. Everyone was most enthusiastic regarding the layout, accommodation, speed and general fitness of the Letitia.

The Summer schedule on the Canadian-Glasgow run has been arranged, and officials anticipate a record tourist season, especially with the continuation of the Wembley Exhibition as an attraction.

SS. KAGA MARU IS DUE ON APRIL 15

HAS FAIR PASSENGER LIST AND HEAVY CARGO

Silk Cargo Valued at Nearly $4,000,000—Toyooka Maru Is Also Due Here April 7

With a fairly good passenger list and a heavy cargo the Nippon Yusen Kaisha liner Kaga Maru is reported to have left Yokohama and is due here April 15, according to advices received by Mr. A. H. Hebb, local representative.

This liner has three first class and seven steerage passengers for Victoria, while for Seattle there are ten first class and fourteen steerage passengers.

Cargo for local discharge amounts to seventy-five tons, while for Seattle there are approximately 3,000 tons, including nearly $4,000,000 worth of silk.

The N.Y.K. freighter Toyooka Maru is also en route here with a good cargo. She is due from Yokohama April 7. Cargo for discharge at Victoria amounts to 100 tons and for Seattle over 4,000 tons, including a valuable silk cargo.

DOLLAR TO AUGMENT ROUND-WORLD FLEET

Guarantee Will Still Be Fulfilled—Bulk of Fast East Freight Will Pass Through Victoria

Coupled with the announcement that the sale of the five 535 type liners to the Dollar Steamship Company is claimed to be illegal by the Pacific Mail Steamship Company, which has been operating them for the past few years, comes the information in advices received here yesterday from Mr. Hugh MacKenzie, general passenger agent for the Dollar Steamship Company at San Francisco, that twenty-three around-the-world excursions a year will be inaugurated by the company, now that these five new liners have been added to the fleet.

This round-the-world service enables the company to fulfill its guarantee to operate the liners in the transpacific service for the next five years, and at the same time augment its present round-the-world fleet.

With this new arrangement the bulk of the Far East business will be left to the five President liners operating into Victoria and Seattle, increasing the business of these two ports.

From San Francisco the Dollar round-the-world liners are routed to Honolulu, Kobe, Hong Kong, Manila, Singapore, Calcutta, Suez, Alexandria, Naples, Marseilles, Boston, New York, Havana, Colon, Balboa, Los Angeles and back to San Francisco.

MOST OLD FOLKS REQUIRE A HEART AND NERVE TONIC

After middle age little sicknesses and ailments seem harder to shake off than formerly as the heart action becomes weak and uncertain and the nerves are not as steady as they were in the younger days.

Now is the time when all aged people who wish to maintain their health and vigor and retain their energy unimpaired should use

MILBURN'S Heart and Nerve Pills

Mrs. M. O'Connor, Whitestone, Ont., writes: "I have been troubled, most of my life, with shortness of breath, palpitation of the heart, and fainting spells. I was advised, by a friend, to try Milburn's H. & N. Pills, which I did, and at once found relief, and I have never had a really bad spell since. I am 50 years of age and I always keep them in the house, and feel that with their help I will see many years yet. I always recommend them to anyone who is suffering from heart trouble."

For sale at all druggists and dealers. (A4vL)
